# PATENT ASSIGNMENT

This assignment made on Jan 6, 2007 by David Witham of Ventura, California; Robert Arance of Castaic, California; Keith Crawford of Canyon Country, California; and Michael Pedersen of Van Nuys, California (Assignors) to ULTRA VIOLET DEVICES having a place of business at 26145 Technology Drive Valencia, California 91355;

WHEREAS, Assignors have invented a new, original and useful invention entitled Apparatus and Method for Keying Lamp and Lamp Fixture ((Invention(s), for which a United States Utility Patent Application will be filed, further identified by Cisló & Thomas' Docket No. 03-12946 (Patent Application);

WHEREAS, Assignors believe themselves to be the original, first, and joint inventors of the Invention(s) disclosed and claimed in said Patent Application; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment the entire right, title, and interest in and to said Invention(s), and said Patent Application in the United States and throughout the world.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors hereby sell, assign, and transfer to Assignee, the entire right, title, and interest in and to said Invention(s), and said Patent Application for said Invention(s) in the United States and throughout the world, including the right to file foreign applications directly in the name of Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Further Assignor agrees that, upon request and without further compensation, but at no expense to Assignors, they and their legal representatives and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing said Patent Application in the United States and throughout the world for said Invention(s), and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said Invention(s), and said Patent Application for said Invention(s) in the United States and throughout the world.

Assignors represent and warrant that they have not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignors authorize and request the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Patent granted for said Invention(s), whether on said Patent Application, or on any subsequently filed provisional, non-provisional, divisional, continuation, continuation-in-part, reissue, or other application, to Assignee, its successors and assigns, as the assignee of the entire interest in said Invention(s).

IN WITNESS WHEREOF, Assignors have executed this Assignment on the

date first above written and as set forth below.
