PATENT ASSIGNMENT

For and in consideration of the sum of One Dollar (\$1.00) to Robert Bosch Tool Corporation ("Assignor"), a Delaware corporation having a place of business at:

101 South Fifth Street, Suite 2300

Louisville, Kentucky 40202

paid by Credo Technology Corporation ("Assignee"), a Delaware corporation having a place of business at:

1209 Orange Street

Wilmington, New Castle County, Delaware 19801,

and for other valuable and sufficient consideration, receipt whereof is hereby acknowledged, Assignor hereby sells, assigns and conveys, unto Assignee, its successors and assigns, except as set forth below, Assignor's entire right, title and interest -

(1) in and to the invention entitled SCALE SYSTEM FOR USE WITH A MOVABLE TABLE which is described in U.S. Patent Application No. 10/669,915, filed September 24, 2003;

(2) in and to all of said United States patent applications, in and to all other patent applications (including divisional, continuation, continuation-in-part, §111(b) provisional, §111(a), reissue applications, and international patent applications designating the United States) based upon said invention, and in and to the patents to be granted thereon, including reissues thereof, if any, to the full end of the term or terms for which said patents may be granted; and

(3) in and to all patent applications on said inventions now or hereafter filed in countries foreign to the United States of America, including patent applications filed under the Patent Cooperation Treaty, the European Patent Convention or any other international treaty, and including the right to claim priority of said United States application, and in and to any and all patents granted on said applications to the full end of the terms for which said patents may be granted.

The foregoing notwithstanding, Assignor shall retain the limited right to name its affiliate, Robert Bosch GmbH, a German corporation having its principal place of business at Postfach 30 02 20, D-70442 Stuttgart, GERMANY, as assignee or applicant at the time of publication and at the time of issue on any applications or patents granted as referred to in foregoing paragraphs (2) and (3). If the right applicable to any such patent application allows an

assignee to be the applicant of the patent application, Robert Bosch GmbH shall have the right to be identified as applicant of the patent application and the right to claim priority of said United States application. This limited right granted to Robert Bosch GmbH with respect to any patent application or granted patent shall expire upon the first-occurring of (i) assignment to a third party of any of the above-mentioned rights of Assignee, or (ii) with respect to any particular patent, issue of such patent, and shall be subsequently part of the assignable rights of Assignee. All other rights to said inventions, said applications and said patents, U.S. or foreign, including the right under any of said patents to manufacture, use, sell or offer for sale the inventions covered by said patents, or to license or permit use of said inventions, remain with Assignee and shall be assignable by Assignee without the consent of Robert Bosch GmbH.
