A S S I G N M E N T

WHEREAS, DaimlerChrysler AG, a German corporation, having a principal place of business at Epplestrasse 225, 70546 Stuttgart, Germany (hereinafter Assignor), is the sole and exclusive owner of the entire right, title and interest in and to certain patents and patent applications as identified in Schedule A attached hereto and in and to the inventions disclosed therein; and

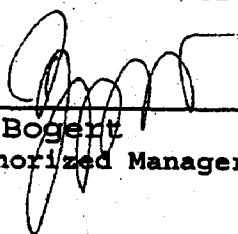

WHEREAS, Ballard Power Systems Inc., a Canadian corporation, having its principal place of business at 9000 Glenlyon Parkway, Burnaby, B.C., V5J 5J9 (hereinafter Assignee) is desirous of acquiring the right, title and interest in and to said patents and patent applications identified in Schedule A hereto and in and to the inventions disclosed therein;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby assign unto Assignee, its successors and assigns, all right, title and interest throughout the United States and its territories or any other country, to the patents and applications disclosed herein, including the right to claim priority thereto under the International Convention for the Protection of Industrial Property, or any other international agreement or the domestic law of the country in which any such application is filed; and in and to such patents as may issue on such applications, and all non-provisional applications, divisions, reissues, continuations, certificates of reexamination and extensions thereof; together with all rights of action and recovery for past infringement thereof; for the full term or terms for which any and all such patents may be granted; as fully and entirely as the same would have been held and enjoyed by Assignor had this assignment not been made.

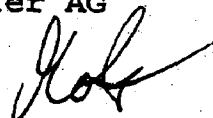

AND, Assignor does hereby authorize and request the Commissioner of Patents and Trademarks of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents or other evidence or forms of industrial property protection on applications as aforesaid, to issue all patents granted on such patent applications to Assignee, its successors and assigns.

IN WITNESS WHEREOF, Assignor has caused this Assignment to be executed by its duly authorized officer this 13th day of March, 2003.
