ASSIGNMENT OF APPLICATION - DOCKET NO. 1592-1

Whereas, I/We ALFRED MONTLEONE of 189 Rabbit Run Road, Clintondale, New York 12515 and BRIAN WEIT of 75 Long Run Road, Rhinebeck, New York 12572, hereinafter referred to as applicant(s), have invented certain new and useful improvements in a MICROWAVE HEATING SYSTEM for which an application for a United States Patent has been filed on December 29 in the United States Patent Office as Application No. 10/748994

Whereas, H₂OH*, a New York Corporation, herein referred to as "assignee," whose office and mailing address is 104 Park Avenue South, New York, New York, is desirous of acquiring the entire right, title and interest in the same.

NOW THEREFORE, in consideration of all prior agreements and the funding of the research and development work to commercialize the invention, and all other good and valuable consideration, I/We, the applicant(s), by these presents do sell, assign and transfer unto said assignee the full and exclusive right to the said invention in the United States and the entire right, title and interest in and to any and all Patents which may be granted therefor in the United States, I/We hereby authorize and request the Commissioner of Patents and Trademarks to issue said United States Patent(s) to said assignee, of the entire right, title, and interest in and to the same, for its sole use and behoof; and for the use and behoof of its successors and assigns, to the full end of the term for which said Patent may be granted, as fully and entirely as the same would have been held by me/us had this assignment not been made.

Applicant(s) furthermore do sell, assign and transfer unto the assignee the full and exclusive right to said invention in all countries foreign to the United States in which assignee, at the option of assignee and solely at the expense of assignee desires to file applications corresponding to such United States Application and Applicant further agrees to cooperate fully in the execution and prosecution of any such foreign applications. Assignee shall have all of the corresponding rights in any such foreign applications and the resulting patents granted therefrom as is granted assignee herein as to the United States application and any and all resulting United States Patents.
