ASSIGNMENT

WHEREAS, we, David L. Latimer, of Eugene, Lane County, Oregon, Howard H. Nojiri, of Eugene, Lane County, Oregon, James E. Milion, of Powell, Delaware County, Ohio, Steven R. Grimm, of Dublin, Franklin County, Ohio and David S. Platt, of Worthington, Franklin County, Ohio, inventors certain new and improved (Docket SPE 941 PA) SCALE CALIBRATION/ZEROING IN DATA PROCESSING SYSTEM for which we filed application Serial No. 328,108 for letters patent of the United States on March 24, 1969;

AND WHEREAS, Spectra-Physics, Inc., a corporation of the State of Delaware, with a place of business at 3333 North First Street, San Jose, California 95134, and Toledo Scale Corporation, a corporation of the State of Delaware, with its principal place of business at Worthington, Ohio 43085, hereinafter called the Assignees, are desirous of acquiring the entire right, title and interest in and to said application and the inventions therein disclosed and any letters patent that may issue thereon as joint owners, each having an undivided one-half interest therein;

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) and other valuable consideration, receipt whereof is hereby acknowledged, we hereby sell, assign and transfer unto said Assignees, their successors and assigns, the entire right, title and interest in and to said application and any divisions or continuations thereof, and the inventions therein disclosed, and any improvements thereon, and any patent or patents that may be issued or reissued thereon, and we hereby authorize and request the Commissioner of Patents and Trademarks to issue any letters patent thereon, and reissues thereof, to said Assignees, their successors and assigns; and we hereby authorize said Assignees, their successors and assigns, to file in their own joint names applications for patent in foreign countries in connection with the inventions hereby transferred, under the International Convention claiming the priority of said United States application or otherwise, and to secure in their own joint names the patent or patents issued thereon, and we hereby agree that, upon request, we will sign all papers, and make all rightful oaths, and do all acts which said Assignees, their successors or assigns, may consider necessary in connection with said United States application, and in connection with any other United States or foreign applications that may be filed in connection with said inventions, and with any improvements thereon, and in connection with any patents issued or reissued thereon.
