ASSIGNMENT

THIS ASSIGNMENT is by Matthew Waight, James Marsh, and Howard Luong, (the "Assignors"). We Assignors have invented certain inventions described in a United States Patent Application entitled ELECTRONICALLY TUNED AGILE INTEGRATED BANDPASS FILTER, (the "Application") executed concurrently herewith, as U.S. Application No. _____ filed _____, and described in a United States Provisional Patent Application entitled ELECTRONICALLY TUNED AGILE INTEGRATED BANDPASS FILTER as Application No. 60/460,492 filed April 3, 2003 (the "Inventions"). We Assignors authorize the Assignee, identified below, or its representatives to insert the filing date and application number of the Application when known.

Maxim Integrated Products, Inc, a corporation of the State of Delaware, having a place of business at 120 San Gabriel Drive, Sunnyvale, CA 94086, ("Assignee"), desires to acquire the entire right, title and interest in and to the Inventions and the Application, and in and to any patents (collectively, "Patents") that may be granted for the Inventions in the United States or in any foreign countries.

For valuable consideration, the receipt and sufficiency of which we acknowledge, Assignors hereby sell, assign, and transfer to Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to: the Inventions, the Application, and any Patents; any divisions, continuations, and continuations-in-part of the Application and any other application claiming priority rights from the Application; any reissues, reexaminations, or extensions of any and all Patents; the right to file foreign applications directly in the name of Assignee; and the right to claim priority rights deriving from the Application (collectively, the "Rights"). Assignors warrant that they are joint owners of the Rights, and that the Rights are unencumbered. Assignors also agree to not sign any writing or do any act conflicting with this assignment, and, without further compensation, sign all documents and do such additional acts as Assignee deems necessary or desirable to: perfect Assignee's
