ASSIGNMENT OF INVENTION AND PATENTS THEREON

For valuable consideration, the receipt and sufficiency of which is acknowledged, we, **Richard A. Leoncavallo, John D. DeLorme, and Deborah Laun**, hereby assign to **Nalge Nunc International Corporation**, a Corporation of Delaware and having a place of business at **75 Panorama Creek Road, Rochester, New York 14625-2385**, and its successors and assigns (collectively hereinafter called "the Assignee"), our entire right, title and interest throughout the world in the designs, inventions and improvements which are the subject of an application for United States Design Patent filed on August 1, 2003, and assigned Serial Number 29/187,459, entitled **WATER BOTTLE**, this assignment including said design patent application, any continuation, division or continuation-in-part thereof and/or substitute therefor, any and all United States and foreign patents, utility models, and design registrations granted for any of said designs, inventions or improvements, and the right to claim priority based on the filing date of said application under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, Common Market Convention, and all other treaties and conventions of like purposes; and authorize the Assignee to apply in all countries in our name or in its own name for patents, utility models, and design registrations and like rights of exclusion and for inventors' certificates for said designs, inventions and improvements; and agree for ourselves and our respective heirs, legal representatives and assigns, without further compensation to perform such lawful acts and to sign such further applications, assignments, Preliminary Statements and other lawful documents as the Assignee may reasonably request to effectuate fully this assignment.
