CONFIRMATION OF ASSIGNMENT

This document is intended to confirm the ownership of Johnson Matthey Inc. in and to all right, title and interest in U.S. Patents 5,072,011 and 5,244,919 and the invention described therein.

The attached Assignment to Johnson Matthey Inc. was executed by the inventors on January 6, 1989 and recorded on January 13, 1989 on Reel 5019, Frame 805-806. The Assignment provides for the transfer to Johnson Matthey Inc. of all right, title and interest in and to the invention described in the U.S. patent application "executed on even date herewith". That U.S. application is Application No. 07/296,776, filed on January 13, 1989 and subsequently abandoned in favor of a continuation thereof, Application No. 07/602,931 which issued as U.S. Patent 5,072,011. A divisional of said patent was also subsequently granted as U.S. Patent 5,244,919.

As the Assignment involves transfer of all rights to "the invention as described in the aforesaid application", to wit, Application No. 07/296,776, it follows that the Assignment applies equally to the continuation of Application No. 07/296,776, now U.S. Patent 5,072,011, and its subsequent divisional U.S. Patent 5,244,919 so that Johnson Matthey Inc. is the sole and exclusive owner of said U.S. patents and the inventions described therein.

JOHNSON MATTHEY INC.
