ASSIGNMENT

WHEREAS, WE, Paul A. Iazzo and Timothy G. Laske, are the inventors of IMPROVED SYSTEM AND METHOD FOR DETERMINING LOCATION AND TISSUE CONTACT OF AN IMPLANTABLE MEDICAL DEVICE WITHIN A BODY for which we have executed an application for filing in the United States Patent and Trademark Office preparatory to obtaining Letters Patent of the United States on September 14, 2001, therefor; and

WHEREAS, MEDTRONIC, INC., a corporation organized and existing under the laws of the State of Minnesota and having a principal place of business at 710 Medtronic Parkway N.E., Minneapolis, Minnesota 55432-5640, hereinafter referred to as "Medtronic," and University of Minnesota, with an address at Office of Patents and Licensing, Minnesota Technology Center, 1100 Washington Avenue South, Suite 201, Minneapolis, Minnesota 55415-1226, hereinafter referred to as "University of Minnesota", is desirous of acquiring the entire right, title and interest in and to said invention for the United States and for all foreign countries and in and to any and all foreign and domestic Letters Patent which may be granted therefor;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, we have sold, assigned, transferred and set over and by these presents do sell, assign, transfer and set over unto Medtronic and University of Minnesota, its successors and assigns, the entire right, title and interest in and to said invention and the entire right, title and interest in and to any and all Letters Patent of the United States and any foreign countries which may be granted therefor including our rights under the International Convention for the Protection of Industrial Property, and in and to any and all extensions, divisions, continuations, continuations-in-part or reissues of said Letters Patent that may be granted, the same to be held and enjoyed by Medtronic and University of Minnesota for its own use and behoof and use and behoof of its successors and assigns to the full end of the term for which said Letters Patent may be granted, as fully and entirely as the same would have been held and enjoyed by me had this assignment and sale not been made;

AND, for the consideration aforesaid, we materially represent to Medtronic and University of Minnesota, its successors and assigns, that at the time of the execution and delivery of these presents, we are the sole lawful owners of the entire right, title and interest in and to the invention, application and Letters Patent above mentioned, and that the same are unencumbered, and that we have good right and lawful authority to sell and convey the same in the manner herein set forth;

AND, for the consideration aforesaid, we hereby individually covenant and agree to and with Medtronic and University of Minnesota, its successors and assigns, that whenever its counsel or the counsel of its successors or assigns, learned in the law, shall advise that an amendment or division of, or continuation or any continuation-in-part thereof, or any other proceeding in connection with the filing or prosecution of said domestic or foreign patent applications, including interference proceedings, is lawful and desirable, or that a reissue or extension of said Letters Patent is lawful and desirable, we, or our executors, administrators or assigns will sign all papers and drawings, take all rightful oaths, and do all acts necessary or required to be done for the procurement of valid Letters Patent for said invention, or for the reissue or extension of the same, without charge to Medtronic and University of Minnesota, its successors or assigns, but at Medtronic and University of Minnesota's expense.

I hereby request the Honorable Commissioner of Patents and Trademarks to issue the Letters Patent to Medtronic and University of Minnesota in accordance with this instrument.

IN WITNESS WHEREOF, I have hereunto set my hand on this 29 day of November, 2001.

Paul A. Iaizzo
