ASSIGNMENT

In consideration of good and valuable considerations, the receipt of which is hereby acknowledged, the undersigned,

MR. DUANE B. SMITH

residing at:

18 Greenwich Street, Roxbury, Massachusetts 02120

and

MR. STÉFANE E. BARBEAU

residing at:

18 Greenwich Street, Roxbury, Massachusetts 02120

the inventors of an invention disclosed and claimed in United States design patent application serial number 29/196,949, filed 01-07-2004, entitled:

RECHARGEABLE LAMP SYSTEM

hereby sell, assign and transfer to VESSEL, INC., a Massachusetts corporation, having a place of business at 17 Station St., Brookline, Massachusetts 02445, its successors, assigns and legal representatives, their entire undivided right, title and interest in and to said United States design patent application serial number 29/196,949, including the right to recover for past damages and the right to sue for past infringements, including any divisions, continuations, and continuations-in-part thereof, and in and to any and all Letters Patent of the United States, and countries foreign thereto, which may be granted or have been granted on said invention, and in and to any and all reissues and reexaminations thereof, and in and to any and all priority rights, Convention rights, and other benefits accruing or to accrue to us with respect to the filing of applications for patent or securing of patents in the United States and countries foreign thereto, this assignment being effective *nunc pro tunc* as of the filing date of 01-07-2004 of said United States design patent application; hereby authorize and request the Commissioner of Patents and Trademarks to issue any United States Letters Patent that may issue for said invention to VESSEL, INC., as assignee of the whole right, title and interest thereto; agree to sign and execute all necessary and lawful future documents, including applications for foreign patents, for filing divisions, continuations, continuations-in-part of said application for patent, and/or, for obtaining any reissue or reissues of any Letters Patent that may be granted for said invention, as the assignee or its designee may from time to time require and prepare at its own expense; and covenant with said assignee, its successors, assigns, and legal representatives, that no assignment, grant, mortgage, license or other agreement affecting the rights

and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.
