**PATENTS ASSIGNMENT**

THIS PATENTS ASSIGNMENT (this "Assignment") is made and entered into by and between Sierra Design Group, a Nevada corporation, with its principal office at 300 Sierra Manor, Reno, Nevada 89511 ("Assignor") and Anchor Gaming, a Nevada corporation, with its principal office at 815 Pilot Road, Suite G, Las Vegas, Nevada 89119 ("Assignee") (each a "Party" and, collectively, the "Parties").

WHEREAS, Assignor is the sole and exclusive owner of the entire right, title and interest in, to and under United States Patent No. 6,105,962 and United States Patent Application number 09/638,666 (collectively the "Patents") by way of an assignment from Robert A. Luciano, Alex J. Malavazos, Gregory A. Malavazos, and Constantine Malavazos;

WHEREAS, Assignor had previously agreed to assign the Patents to Assignee as part of a larger agreement on or about August 10, 2001, which agreement was recorded in a binding Memorandum of Understanding; and

WHEREAS, Assignor and Assignee wish to finalize such assignment of the Patents from Assignor to Assignee.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns, transfers and sets over to Assignee nunc pro tunc, effective August 10, 2001 (the "Effective Date"), the entire right, title and interest in and to the Patents for the United States and for all foreign countries, including the subject matter of all claims thereof that may be attained therefrom, and all corresponding rights that are or may be secured under the laws of the United States or any foreign country, now or hereafter in effect, and any continuations, divisions, continuations-in-part, reissues, reexaminations, extensions or foreign equivalents thereof, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment and sale had not been made, together with all income, royalties, damages or payments due or payable as of the Effective Date or thereafter. Without limiting the foregoing, this Assignment also explicitly includes, without limitation, the assignment to Assignee all of Assignor's right, title and interest in and to all claims for damages by reason of past, present or future infringement or other unauthorized use of the Patents, with the right to sue for, and collect the same for its own use and enjoyment, and for the use and enjoyment of its successors, assigns or other legal representatives.

Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks and the corresponding entities or agencies in any applicable foreign countries to record Assignee as owner of the Patents.

p. 3

003

Assignor represents and warrants that: (i) it is the sole and exclusive owner of the entire right, title and interest in and to the Patents, including the corresponding rights set forth above, free and clear of any liens and encumbrances; (ii) it has full right and authority to execute this Assignment and to assign all of its interests therein; (iii) all outstanding fees due the Patents Office with respect to the Patents, as of the Effective Date, have been paid in full; and (iv) it has not executed, and will not execute, any agreement or other instrument in conflict herewith.

Assignor shall, at Assignee's request and expense, take all further actions and provide to Assignee, Assignee's successors, assigns or other legal representatives, all such cooperation and assistance (including, without limitation, the execution and delivery of any and all affidavits, declarations, oaths, exhibits, assignments, powers of attorney or other documentation), reasonably requested by Assignee to more fully and effectively carry out the purposes of this Assignment, including, without limitation, with respect to the following: (a) the preparation and prosecution of any application relating to any of the rights assigned herein; (b) the prosecution or defense of any interference, opposition, reexamination, reissue, infringement or other proceedings that may arise in connection with any of the rights assigned herein, including, without limitation, testifying to any facts relating to the Patents and this Assignment; (c) obtaining any additional Patents protection relating to any of the rights assigned herein that Assignee may deem appropriate that may be secured under the laws now or hereafter in effect in the United States or any foreign country; and (d) the implementation or perfection of this Assignment in all applicable jurisdictions throughout the world.

IN TESTIMONY WHEREOF, the Assignor has caused this Assignment to be signed and executed by the undersigned officers thereunto duly authorized this 14<sup>th</sup> day of August, 2001.
