ASSIGNMENT

This Assignment is made by John Gross of 1590 West 8th Street, Vancouver, British Columbia, CANADA, V6J 4R8, (hereinafter referred to as "Assignor"), to Peak Products Manufacturing Inc., ("Assignee") having a place of business at P.O. Box 33866, Vancouver, British Columbia, CANADA, V6J 4L6.

WHEREAS, Assignor has invented a new and useful design entitled **SEATING BRACKET**, for which an application for a Canadian Industrial Design Application will be filed substantially contemporaneously with the filing of this Assignment (the "Design");

WHEREAS, Assignor believes himself to be the original, first and joint inventor of the Design; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment the entire worldwide right, title and interest in and to said Design, said application, and any design patent, industrial design, design right, utility model or petty patent that may be granted for said Design in the Canada, the United States or anywhere else throughout the world;

NOW, THEREFORE, in consideration of the sum of Ten Dollars (\$10.00) and of other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns and transfers to Assignee, the entire worldwide right, title and interest in and to said Design, said application, and any design patent, industrial design, design right, utility model or petty patent that may be granted for said Design in Canada, the United States or anywhere else throughout the world, including the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties or otherwise.

Further, Assignor agrees that during his employment with the Assignee, that upon request of the Assignee and at no expense to Assignor, including out-of-pocket expenses and/or lost salary or wages as the case may be, he and his legal representative(s) and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing or enforcing any design patent, industrial design, design right, utility model or petty patent as may issue anywhere in the world for said Design, and for perfecting, recording or maintaining the title of Assignee, its successors and assigns, to said Design, said application, and any design patent, industrial design, design right, utility model or petty patent granted for said Design in Canada, the United States or anywhere in the world. For greater certainty, Assignor is not obligated to do any lawful acts for perfecting, recording or maintaining the title of Assignee, its successors and assigns, to said Design, said

application, and any design patent, industrial design, design right, utility model or petty patent granted for said Design in Canada, the United States or anywhere in the world while not employed by the Assignee.

Assignor represents and warrants that he has not granted and will not grant to any other any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner of Patents of Canada, the Director of Patents of the United States and of all foreign countries to issue any design patent, industrial design, design right, utility model or petty patent granted for said Design, whether on said application or on any subsequently filed division, continuation, continuation-in-part or reissue application, to Assignee, its successors and assigns, as the assignee of the entire undivided interest in said Design.

This Assignment constitutes the entire assignment of the entire worldwide right, title and interest in and to said Design, said application, and any design patent, industrial design, design right, utility model or petty patent that may be granted for said Design in Canada, the United States or anywhere else throughout the world, and supercedes all previous oral and written communications and understandings.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date written hereinbelow.

Dated: MARCH 27, 2003
