PATENT ASSIGNMENT

HEWLETT-PACKARD DEVELOPMENT COMPANY, L.P.  
TO  
HEWLETT-PACKARD COMPANY

Whereas, HEWLETT-PACKARD DEVELOPMENT COMPANY, L.P., a limited partnership established under the laws of the State of Texas and having a principal place of business at 20555 S.H. 249 Houston, TX 77070, U.S.A. (hereinafter "HPDC"), is the owner or joint owner, by assignment, of the United States Patent Applications and Patents identified in the attached Schedule A.

Whereas, HEWLETT-PACKARD COMPANY, a Delaware corporation having its principal place of business in Palo Alto, California (hereinafter "HP" collectively, "Parties"), desires to acquire HPDC's entire right, title and interest, including the right of priority, in, to and under the United States Patents identified in said Schedule A.

Whereas, HP has requested the consent of HPDC to enforce the U.S. Patents in the attached schedule A (the "Patents") against Intergraph, Inc., which enforcement may include filing of a patent infringement lawsuit against Intergraph ("Patent Suit"); and

Whereas, HPDC is a wholly-owned affiliate of HP; and

Whereas, in contemplation of such potential enforcement, HPDC wishes to assign its ownership interest in and to the Patents to HP;

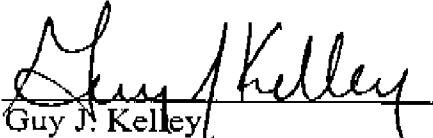

Now Therefore, in consideration of the mutual promises and covenants contained herein, the Parties agree as follows. HPDC does hereby assign and transfer to HP HPDC's right, title and interest, including the right of priority, in, to and under the United States Patents identified in said Schedule A and the inventions and improvements set forth therein, and any and all continuations, continuations-in-part (C-I-P's) divisionals, and renewals of and substitutes for the United States Patents identified in said Schedule A, and any and all Patents of the United States and of countries foreign thereto that may be granted thereon or therefore; and any reissues, or reexaminations, or extensions thereof.

HPDC retains a perpetual, non-exclusive, fully-paid up, irrevocable, worldwide, royalty-free license to use, make, sell, have-made, products, services or methods, and to otherwise practice any subject matter set forth by or claimed by the Patent. Also licensees of HPDC which predate the Effective Date also retain, on behalf of themselves as well as their worldwide subsidiaries and affiliates, but not in any event exceeding the scope of any license expressly granted to such entities by HPDC, a perpetual, non-exclusive, fully-paid up, irrevocable, worldwide, royalty-free license to use, make, sell, import, have-made, any products, services, components or methods, and to otherwise practice any subject matter set forth by or claimed by the Patent. The "have-made" rights referred to in this section shall be deemed to include the right to sublicense contract

manufacturers (e.g., parties making components for HPDC or such licensee) under the Patent to manufacture a product or component.

IN WITNESS WHEREOF, HPDC has caused this Assignment to be executed by its authorized representative. Each such authorized representative hereby declares that all statements made herein of their own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of any patents related thereto.
