## **PATENT RELEASE**

**WHEREAS**, pursuant to a patent collateral assignment and security agreement, dated as of September 30, 2003 ("Security Agreement"), by and between Moog Components Group Inc., a New York corporation with its principal place of business located at Jamison Road and Seneca Street, East Aurora, New York 14052 ("Debtor") and HSBC Bank USA, a New York banking corporation with its principal place of business located at One HSBC Center, Buffalo, New York 14203, as agent for certain lenders ("Agent"), notice of which was forwarded to the United States Patent and Trademark Office ("PTO") for recordation on October 10, 2003 ("Notice"), Agent is listed as the secured party with respect to several U.S. patents and patent applications identified therein, and

**WHEREAS**, certain of the U.S. patents identified on the Exhibit A attached hereto ("Ineligible Patents") were erroneously assigned by Litton Systems, Inc. ("Seller") to Debtor by an assignment of patent and patent applications dated as of September 30, 2003 and as a result such Ineligible Patents were then included with other patents and patent applications identified in the Schedule attached to the Security Agreement and the Notice respectively, and

**WHEREAS**, Debtor is in the process of reassigning to Seller all of its right, title and interests to the Ineligible Patents in order to correct the previous error, and has requested that the Agent release, on the record, any interests in such Ineligible Patents so as to avoid clouding Seller's ownership thereof.

**NOW THEREFORE**, Agent does hereby release any and all interests in the Ineligible Patents.

**IN WITNESS WHEREOF**, Agent has caused this Patent Release to be duly executed by its respective officer thereunto duly authorized as of the 26th day of March, 2004.
