## ***ASSIGNMENT***

In consideration of One Dollar (\$1.00), and other good and valuable considerations, the receipt of which is hereby acknowledged, I, the undersigned, on behalf of and with authority from Assignor and the owner of the U.S. patent No. 5,613,492, issued March 25, 1997, and entitled, **METHOD AND PRODUCT FOR IMPROVED IMAGES IN MAGNETIC RESONANCE IMAGING USING MULTIPLE BREATHOLDING**, by assignment recorded in the United States Patent and Trademark Office, reel 008226, frame 0955, New York University, a corporation of New York, having its office and principal place of business at 70 Washington Square South, New York, New York 10012,

**Hereby sell, assign and transfer** to Assignee, David A. Feinberg, Ph.D., M.D., residing at 22727 Coleman Valley Rd., Bodega Bay CA 94923, and its successors, assigns and legal representatives, the entire right, title and interest for all countries, in and to any and all inventions which are disclosed and claimed, and any and all inventions which are disclosed but not claimed, in the said U.S. patent No. 5,613,492, and in and to said patent and all divisional, continuing, substitute, renewal, reissue, and all other applications for U.S. Letters Patent or other related property rights, including rights to royalties or damages for any past use thereof, in any and all foreign countries which have been or shall be filed on any of said inventions disclosed in said application, and in and to all original, reexamined and reissued patents or related foreign documents which have been or shall be issued on said inventions;

**Authorize and request** the Commissioner of Patents of the United States to issue to said Assignee, the corporation above named, its successors, assigns, and legal representatives, in accordance with this assignment, any and all United States Letters Patent on said inventions or any of them disclosed in said application;

**Agree** that said Assignee may apply for and receive U.S. and foreign Letters Patent or rights of any other kind for said inventions, or any of them; and may claim, in applications for said U.S. and foreign Letters Patent or other rights, the priority of the applications for the aforesaid United States patent under the provisions of the International Convention of 1883 and

later modifications thereof, under the Patent Cooperation Treaty, under the European Patent Convention or under any other available international agreement; and that, when requested, without charge to, but at the expense of, said Assignee, its successors, assigns and legal representatives, to carry out in good faith the intent and purpose of this assignment, said Assignor will, for the United States and all foreign countries, execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications or other documents on any and all said inventions; execute all rightful oaths, assignments, powers of attorney and other papers; communicate to said Assignee, its successors, assigns and representatives, all facts known and documents available to the undersigned relating to said inventions and the history thereof; testify in all legal proceedings; and generally do everything possible which said Assignee, its successors, assigns or representatives shall consider desirable for aiding in securing, maintaining and enforcing proper patent protection for said inventions and for vesting title to said inventions and all applications for patents or related foreign rights and all patents on said inventions, in said Assignee, its successors, assigns and legal representatives; and

**Covenant** with said Assignee, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by or with authority from said Assignor, and that full right to convey the same as herein expressed is possessed by the Assignor.
