PATENT ASSIGNMENT

This Assignment is executed by Federal-Mogul World Wide, Inc. ("Assignor"), a company organized and existing under the laws of the State of Michigan and is given to Decoma International Inc. ("Assignee"), an Ontario company, to memorialize the assignment of patents to Assignee pursuant to the terms of an Agreement of Purchase and Sale between the Assignor and various of its affiliates and two subsidiaries of the Assignee dated March 12, 2003.

For good and valuable consideration, the receipt and legal sufficiency of which is acknowledged, Assignor hereby grants and transfers to Assignee all of Assignor's right, title and interest in and to the patent properties (i.e., the patents, patent applications, invention disclosures and other rights of invention, in the United States and abroad, including any continuing applications, reissued patents, reexamined patents or other applications or patents claiming the benefit of the filing date of any such application or patent identified in the attached Schedule A) identified in the attached Schedule A (hereafter "Patent Properties"). Assignor further grants and transfers to Assignee all right, title and interest to sue and recover for infringements by any third parties of any of the Patent Properties.

Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States and the equivalent offices or officers of other countries to issue in the name of the Assignee any of the Patent Properties.

Assignor agrees to execute and deliver without further consideration such further application, licenses, assignments or other documents as Assignee may reasonably require to fully secure and/or evidence the rights or interests herein or which is necessary to protect or enforce any of the Patent Properties.

In testimony whereof, Assignor has caused this Assignment to be executed by its duly authorized representative as of April 14, 2003.
