ASSIGNMENT

WHEREAS, I, **Michael L. Beigel**, the undersigned inventor and the ASSIGNOR herein, have invented **RECTIFYING CHARGE STORAGE DEVICE WITH SENSOR** for which an application for Letters Patent of the United States, was filed with the U.S. Patent and Trademark Office on July 1, 2003, and assigned U.S. Application Serial No. 10/713,913; and

WHEREAS, **Precision Dynamics Corporation**, a corporation organized and existing under the laws of California, having a place of business at 13880 Del Sur Street, San Fernando, California 91340-3490, the ASSIGNEE herein, desires to acquire the entire right, title and interest in and to said inventions, applications and Letters Patent to be granted and issued thereon;

NOW, THEREFORE, in consideration of the sum of Ten Dollars (\$10.00) and of other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns and transfers to Assignee, the entire right, title and interest in and to said invention, said application and any Letters Patent that may be granted for said invention in the United States and throughout the world, including the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties or otherwise.

Further, Assignors agree that, upon request and at Assignee's expense (including Assignor's current hourly rate and necessary expenses), he and their legal representatives and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing or enforcing Letters Patent in the United States and throughout the world for said invention, and for perfecting, recording or maintaining the title of Assignee, its successors and assigns, to said invention, said application and any Letters Patent granted for said invention in the United States and throughout the world.

Assignor represents and warrants that he has not granted and will not grant to others any rights inconsistent with the rights granted herein, and that said invention, said application and any Letters Patent granted for said invention are free and clear of all encumbrances and liens.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Letters Patent granted for said invention, whether on said application or on any subsequently filed division, continuation, continuation-in-part or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest in said invention.
