ASSIGNMENT AND AGREEMENT

For value received, New Jersey Microsystems, Inc., a corporation of the state of New Jersey, having an office at 251 South Mountain Avenue, Newark, New Jersey 07042, U.S.A., hereby sells, assigns and transfers to Multispectral Imaging, Inc., a corporation of the State of Delaware, having an office at 283 West Shore Trail, Sparta, New Jersey 07871, U.S.A., and its successors, assigns and legal representatives, the entire right, title and interest, for the United States of America, in and to certain inventions related to **Thermal Microplatform**, described in an application for Letters Patent of the United States that was filed on November 17, 1997 as Serial No. 08/972055, now Patent No. US6,091,050, and all the rights and privileges in said application and under any and all Letters Patent that may be granted in the United States for said inventions; and New Jersey Microsystems, Inc. also concurrently hereby sells, assigns and transfers to Multispectral Imaging, Inc. the entire right, title and interest in and to said inventions for all countries foreign to the United States, including all rights of priority arising from the application aforesaid, and all the rights and privileges under any and all forms of protection, including Letters Patent, that may be granted in said countries foreign to the United States for said inventions.

New Jersey Microsystems, Inc. authorizes Multispectral Imaging, Inc. to make application for such protection in its own name and maintain such protection in any and all countries foreign to the United States, and to invoke and claim for any application for patent or other form of protection for said inventions, without further authorization from New Jersey Microsystems, Inc., any and all benefits, including the right of priority provided by any and all treaties, conventions, or agreements.

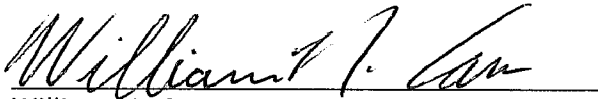

New Jersey Microsystems, Inc. hereby consents that a copy of this assignment shall be deemed a full legal and formal equivalent of any document which may be required in any country in proof of the right of Multispectral Imaging, Inc. to apply for patent or other form of protection for said inventions and to claim the aforesaid benefit of the right of priority.

New Jersey Microsystems, Inc. requests that any and all patents for said inventions be issued to Multispectral Imaging, Inc. in the United States and to Multispectral Imaging, Inc. in all countries foreign to the United States, or to such nominees as they may designate.

Serial Number: 08/972055
Patent Number: 6,091,050

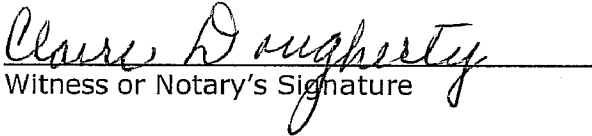

-2-

New Jersey Microsystems, Inc. agrees that, when requested, it shall, without charge to Multispectral Imaging, Inc. but at its expense, sign all papers and do all acts which may be necessary, desirable or convenient in connection with said applications, patents, or other forms of protection.
