THIS GRANT OF SECURITY INTEREST IN PATENT RIGHTS (the "Agreement"), dated as of November 16, 2004 is made by International Mill Service, Inc., a Pennsylvania corporation (the "Borrower"), in favor of Bear Stearns Corporate Lending Inc., as First Lien Collateral Agent (the "Agent") for the several banks and other financial institutions (the "Lenders"), parties to the Credit Agreement, dated as of October 26, 2004, (as amended, supplemented or otherwise modified from time to time, the "Credit Agreement"), among Mill Services Corporation, a Delaware Corporation, the Borrower, the Lenders, Bear, Stearns, & Co. Inc., as Lead Arranger and Bear Stearns Corporate Lending Inc., as Administrative Agent, First Lien Collateral Agent and Second Lien Collateral Agent. Capitalized terms not defined herein shall have the meanings ascribed to them in the Credit Agreement.

W I T N E S S E T H:

WHEREAS, pursuant to the Credit Agreement, the First Lien Lenders have severally agreed to make Loans and other extensions of credit to the Borrower upon the terms and subject to the conditions set forth therein; and

WHEREAS, in connection with the Credit Agreement, the Borrower has executed and delivered a First Lien Guarantee and Collateral Agreement, dated as of October 26, 2004, in favor of the Agent (together with all amendments and modifications, if any, from time to time thereafter made thereto, the "First Lien Guarantee and Collateral Agreement");

WHEREAS, pursuant to the First Lien Guarantee and Collateral Agreement, the Borrower pledged and granted to the Agent for the benefit of the First Lien Secured Parties a continuing security interest in all Intellectual Property, including the Patents; and

WHEREAS, the Borrower has duly authorized the execution, delivery and performance of this Agreement;

NOW THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, and in order to induce the First Lien Lenders to make Loans and other financial accommodations to the Borrower pursuant to the Credit Agreement, the Borrower agrees, for the benefit of the First Lien Secured Parties, as follows:

SECTION 1. Definitions. Unless otherwise defined herein or the context otherwise requires, terms used in this Agreement, including its preamble and recitals, have the meanings provided or provided by reference in the Credit Agreement and the First Lien Guarantee and Collateral Agreement.

SECTION 2. Grant of Security Interest. The Borrower hereby pledges and grants a continuing security interest in, and a right of setoff against, and effective upon demand made upon the occurrence and during the continuance of an Event of Default assigns, transfers and conveys, the Patents (including, without limitation, those items listed on Schedule A hereto), to the Agent for the benefit of the First Lien Secured Parties to secure payment, performance and observance of the Obligations.

SECTION 3. Purpose. This Agreement has been executed and delivered by the Borrower for the purpose of recording the grant of security interest herein with the United States Patent and Trademark Office. The security interest granted hereby has been granted to the First Lien Secured Parties in connection with the First Lien Guarantee and Collateral Agreement and is expressly subject to the terms and conditions thereof. The First Lien Guarantee and Collateral Agreement (and all rights and remedies of the First Lien Secured Parties thereunder) shall remain in full force and effect in accordance with its terms.

SECTION 4. Acknowledgment. The Borrower does hereby further acknowledge and affirm that the rights and remedies of the First Lien Secured Parties with respect to the security interest in the Patents granted hereby are more fully set forth in the Credit Agreement and the First Lien Guarantee and Collateral Agreement, the terms and provisions of which (including the remedies provided for therein) are incorporated by reference herein as if fully set forth herein.

SECTION 5. Counterparts. This Agreement may be executed in counterparts, each of which will be deemed an original, but all of which together constitute one and the same original.
