This assignment made May 14, 2003, by BX Corporation, Assignor, to Josephine Ann Valley, Assignee.

Letters patent of the United States for the processing of banana fibers have been issued to Assignor, which letters patent are numbered 5,958,182, no. 6,027,652 and no. 6,506,307, and

Assignor is the sole owner of the patents and of all rights under the processing of banana fibers for the manufacture of environmentally safe products, and

Now, therefore, in consideration of the sum of \$400,000.00, receipt of which is acknowledged, Assignor hereby assigns to Assignee, its legal representatives, and assigns, its possession of such rights to the processing of banana fibers for the manufacture of environmentally safe products and in the letters patent issued therefor, such interest to be held to the full end of the term for which such letters patent or any reissues, renewals, or extensions thereof are or may be granted or until such time as all sums due under a certain security agreement and promissory note are satisfied.

Assignor agrees to execute all instruments and to perform all acts which may be necessary to carry this assignment into full effect.

This Assignment will not vest ownership interest to the Assignee unless and until Assignor defaults under the terms of the security agreement and promissory note executed of even date herewith.
