Kurt Proske
 Diamond Innovations International
 Koberstaedterstrasse 2
 63303 Dreiech, Germany

Dear Kurt:

As we transition out of GE to become Diamond Innovations, we are asking for your help in resolving some outstanding matters related to patent awards and certain requirements under German Law related to invention disclosures and patent applications.

According to our records, you are listed as an inventor on the following inventions:

Docket Number	Docket Title	Patent Application Status	Application or Patent Number
60SD812	Method and apparatus for cutting granite	Filed US June 1999	60/139,654
		Filed PCT June 2000	
		Filed US Dec. 2001	10/014,547
125185	Method to Improve Wear Uniformity of Diamond-Containing Segments on Blades for Slabbing Granite	Filed US Dec. 2002	60/432,222
		Filed US Dec. 2003	Not yet available
133975	Method to Improve Tool Integrity When Cutting Stone	Filed US August 2003	Not yet available
135854	Granite Slabs Produced by Frame Sawing with Fixed Diamond Segments	Filed US Dec. 2003	Not yet available

Under the German Law on Employees' Inventions, an employee hired under German law is entitled to compensation within certain guidelines when an employer claims and commercializes an invention by that employee. The law allows for an employer and employee inventors to agree to a lump sum payment as compensation for an invention.

It was GE Superabrasives' policy to award employee inventors hired under German Law 400 EUR at the time a U.S. patent application and another 600 EUR if and when the U.S. patent is issued, for a potential total of 1000 EUR per invention. According to our records, you have received 400 EUR to date for the inventions above. In order to resolve the matter of compensation for the inventions above, we are prepared to pay you the remaining 3600 EUR regardless of whether the patents issue or the inventions are commercialized. In exchange, we

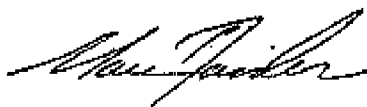

Diamond Innovations

(614) 438 2000 (Fx: 614 438 2888)

would require that you sign and return this letter below, accepting the payment as full compensation for the inventions and waiving your rights to the invention.

If this is acceptable to you, please sign and return the letter to me and I will make arrangements to have payment made to you. If you have any questions or concerns, or if you believe our records are inaccurate in any way, please let me know.

Thank you in advance for your cooperation in this matter.

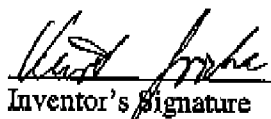

Best Regards,

Marc G. Davidson
Technology Manager
Diamond Innovations

I hereby accept the lump sum payment outlined above as full remuneration for my service invention in accordance with the German Law on Employees' Inventions, irrespective of the extent of use Diamond Innovations or any other company may make of the invention in the future.

In return for this remuneration I hereby acknowledge Diamond Innovations, Inc.'s claim to the above inventions and irrevocably waive, to the extent permitted by law, and assign all rights to this service invention in favor of Diamond Innovations, Inc., a Delaware (US) corporation, and in particular the rights to domestic application (according to subsection 13), to foreign applications (according to subsection 14), the applications listed above and any domestic or foreign applications that may claim priority to the applications listed above, any patents resulting therefrom, and the right to transfer a protective right in case of abandonment according to subsection 16 of the German Law on Employees' Inventions. I hereby grant Diamond Innovations, Inc. power of attorney to correct any incidents of identification of the applications listed above, including serial number, title and filing date.
