ASSIGNMENT

WHEREAS, MARK A. FARROW, a citizen of the United States of America, hereinafter referred to as ASSIGNOR, residing at 117 E. 24th Street, Tulsa, Oklahoma 74114, is the inventor of a certain new and useful invention entitled "SURGICAL VACUUM CANISTER" which is described and claimed in the United States patent application filed contemporaneously herewith and deposited under Express Mail No. EV399391166US; and

WHEREAS, H2OR, INC., a corporation created and existing under the laws of the State of Oklahoma, having its principal place of business at 1611 South Utica Avenue, Tulsa, Oklahoma, 74104 (hereinafter referred to as "ASSIGNEE") is desirous of acquiring the entire right, title and interest of ASSIGNOR in and to the aforementioned invention and application, and in, to and under any and all Letters Patent of the United States and in any and all foreign countries thereof;

NOW, THEREFORE, this indenture witnesseth that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, ASSIGNOR has sold, assigned, transferred and set over and do hereby sell, assign, transfer and set over to ASSIGNEE, the above-referenced invention and application and any and all applications subsequently filed claiming the benefit of said application, divisions, continuations and continuations-in-part thereof, and any and all Letters Patent of the United States, its territorial possessions, and any and all foreign countries which may be granted therefor, and any and all extensions, reissues or certificates of reexamination of such Letters Patent, including all rights of priority and the subject matter of any and all claims which may be obtained in every such patent, the same to be held and enjoyed by ASSIGNEE for its own use and benefit, and for the use and benefit of its successors, assigns or other legal representatives, to the end of the term or terms for which such Letters Patent are or may be granted, extended, reissued or reexamined as fully and entirely as the same would have been held and enjoyed by ASSIGNOR if this assignment had not been made.

AND, ASSIGNOR hereby authorizes and requests the Commissioner of Patents to issue any and all Letters Patent of the United States on the invention and from any and all divisions and continuations, extensions, reissues or reexaminations of any such application to ASSIGNEE, and hereby covenants that he has full right to convey the entire interest herein assigned, and that he has not executed and will not execute any agreement in conflict herewith.

AND, ASSIGNOR further hereby covenants and agrees that he will, at any time, upon request and at the expense of ASSIGNEE, execute and deliver any and all papers that may be necessary or desirable to perfect the title to the invention and application and any Letters Patent as may be granted therefor in ASSIGNEE, its successors, assigns, or other legal representatives, and that if ASSIGNEE, its successors, assigns, or other legal representatives shall desire to file any division or continuation application, or to secure an extension, reissue or reexamination of such

Letters Patent, or to file a disclaimer relating thereto, will, upon request, sign all papers, make all rightful oaths, and do all requisite acts for the filing of such division, continuing, or reissue application, request for reexamination or disclaimer, without further compensation.

AND, ASSIGNOR further agrees to communicate to ASSIGNEE, its successors, assigns, or other legal representatives, such facts relating to the invention disclosed in the present application or Letters Patent issuing therefrom as may be known, and to testify as to such facts in any interference or other litigation when requested to do so.

Executed by the undersigned on the date indicated.

MARK A. FARROW
