 The company **Fidia Farmaceutici S.p.A.** with its legal headquarters at Abano Terme (PD), via Ponte della Fabbrica 3/A - fiscal code number 00204260285, in the person of its Managing Director, Dr Emilio Mauri, whose professional address is at the offices of the company, hereinafter referred to as 'FIDIA';

whereas

- a) FAB is assignee of patents and patent applications as scheduled in Attachment A hereto which constitutes an integral part of this deed;
- b) On the date of filing the said patents and patent applications as per Attachment A, FAB had legal offices in Brindisi, via De Carpentieri No. 3, therefore the title on patents and/or on patent applications owns to FAB residing in Brindisi;
- c) On 7 May 2001 FAB transferred its legal offices to Abano Terme, via Ponte della Fabbrica No 3/B;
- d) Fidìa intends to acquire all rights to the above-cited patents and patent applications;

it is agreed that:

Art. 1

The aforesaid preamble constitutes an integral part of the present document and is set forth here in its entirety.

Art. 2

FAB hereby sells and grants to FIDIA, which accepts and assumes, the ownership and any other right inherent and consequent to the patents and/or patent applications as per Attachment A. The relative fee will be defined in a separate deed.

Art. 3

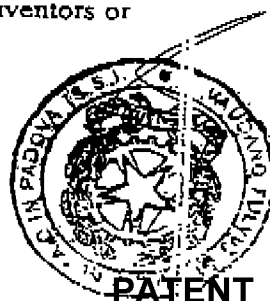

FIDIA acquires the right to proceed with the registration, maintenance and defence of the patents and/or patent applications as per Attachment A, as well as the right to transfer the patents that may ensue from said applications, or to grant licences to third parties for use of the same.

Art. 4

FAB guarantees FIDIA that no right whatsoever has been granted to others concerning the patents and/or patent applications specified in the present agreement, neither can any third party claim any right whatsoever to the same.

Art. 5

Moreover, FAB guarantees FIDIA that the patents and/or patent applications that are the subject of the present agreement are free from burdens and obligations of any kind and undertakes at the same time to hold FIDIA harmless from any future claim or contestation that the inventors or
