ASSIGNMENT OF PATENT

WHEREAS, We, **David Byron**, residing at 10 Lantern Lane, Honeoye Falls, New York, 14472, and **Ronald M. Odessa**, of 11 Hart Street, Batavia, New York 14020, have invented a new and original invention for a

SPRAYER APPARATUS WITH BACKFLOW VALVE

for which an application for Letters Patent of the United States of America was filed on February 24, 2004, application serial number 10/785,539.

AND WHEREAS, **Chapin Manufacturing, Inc.**, (hereafter Assignee) a corporation of the state of New York with a principal place of business at 700 Ellicott Street, Batavia, NY 14021-0549 is desirous of acquiring the entire interest in above-identified invention and in the Letters Patent to be obtained therefor from United States and foreign countries.

NOW, THEREFORE, be it known by all whom it may concern, that for and in consideration of one dollar (\$1.00) in hand paid and other valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we have assigned, sold and transferred, and do hereby assign, sell and transfer unto Assignee, its successors, assigns and legal representatives, the full and exclusive right, title and interest in and to the application for Letters Patent of the United States identified above and full and exclusive right, title and interest for all countries in and to any and all improvements which are disclosed and claimed, and any and all improvements which are disclosed but not claimed in the application for Letters Patent of the United States identified above, and any and all divisional, continuing, substitute, improvement, and reissue applications thereof, and any and all other rights or benefits accrued, accruing or to accrue to me with respect to the application and/or improvements including, but not limited to, the right to apply for and receive foreign Letters Patent in its name to claim in applications for foreign Letters Patent the priority of said application in the United States under the provisional of the International Convention; and do hereby warrant that we have full unencumbered ownership of the invention hereby assigned; and do hereby agree to sign and execute any and all papers, including original, divisional, continuing, substitute, improvements and reissue patent application papers, domestic or foreign, or assignments necessary to secure Assignee, the invention hereby assigned and full protection therefor, and for which purposes do hereby grant Assignee and its officers irrevocable power of attorney with full authority to take any and all necessary action, including the execution of any necessary papers; and do hereby authorize and request the Commissioner of Patents to issue said United States Letters Patent to the said Assignee as the assignee of the entire right, title, and interest in and to the same for its sole use and behalf, and for the use and behalf of its successors, assigns, and legal representatives.

In witness whereof, we have executed this assignment of patent application number 10/785,530.
