### ASSIGNMENT

WHEREAS we, the below named inventors, (hereinafter referred to as Assignors) have made an invention entitled:

"Assay for directly detecting a RS virus related biological cell in a body fluid sample"  
 for which we filed an application for United States Letters Patent on 23 October 2000  
 (Serial No. 60/242,132); and

WHEREAS, DESST-TEST ApS, a Danish company, registered under the laws of the Kingdom of Denmark, and whose business address is: Lyngbyvej 10, DK-8000 Aarhus C, Denmark, (hereinafter referred to as Assignee), is desirous of securing the entire right, title, and interest in and to this invention, the application for United States Letters Patent on this invention and the Letters Patent to be issued upon this application;

NOW THEREFORE, be it known that, for good and valuable consideration the receipt of which from assignee is hereby acknowledged, we, as assignors, have sold, assigned, transferred, and set over, and do hereby sell, assign, transfer, and set over unto the assignee, its lawful successors and assigns, our entire right, title and interest in and to this invention and this application, and all divisions, and continuations thereof, and all Letters Patents of the United States which may be granted thereon, and all reissues thereof, including an assignment of all rights under the provision of international conventions; and we hereby authorize and request the Commissioner of Patents and Trademarks of the United States to issue all Letters Patents for this invention to assignee, its successors and assigns, in accordance with the terms of this Assignment;

AND, WE HEREBY further covenant and agree that we will, without further consideration, communicate with assignee, its successors and assigns, any facts known to us respecting this invention and testify in any legal proceeding, sign all lawful papers when called upon to do so, execute and deliver all papers that may be necessary or desirable to perfect the title to this invention to assignee, its successors and assigns, execute all divisional, continuation, and reissue applications, make all rightful oaths and generally do everything possible to aid assignee, its successors and assigns, to obtain and enforce proper patent protection for this invention in the United States, it being understood that any expense incident to the execution of such papers shall be borne by the assignee, its successors and assigns.

AND, WE HEREBY authorize and request the attorneys BROWDY and NEIMARK, 624 9<sup>th</sup> Street NorthWest, Suite 300, Washington DC 20001-5303, U.S.A., to insert here in parentheses (Application No. 09/978,272 filed on Oct. 17, 2001) the application number and filing date of said application when known. *JPL*
