ASSIGNMENT

Know the person by these presents that:

WHEREAS I,

Mr. Reiner Schultheiss
Wilen 4, 8574 Illighausen,
Switzerland

have made an invention named

"DEVICE FOR GENERATION OF DIFFERENT PRESSURE WAVES BY MEANS OF
VARIABLE REFLECTOR AREAS"

WHEREAS, "SWS Shock Wave Systems AG", a corporation existing under the laws of Switzerland and having a place of business at, 8574 Illighausen, Switzerland, for benefit of itself, its successors and assigns, all inclusively hereinafter referred to as the Assignee, is desirous of acquiring the entire right, title and interest in and to the said invention, the said application, all inventions disclosed in said application and any and all Letters Patent of the United States and of all other countries which may be granted for the said invention or inventions, or any of them:

NOW, THEREFORE, for good and valuable consideration provided by said Assignee, the receipt whereof is hereby acknowledged I do hereby sell, assign and transfer to said Assignee the entire right, title and interest in and to said invention, inventions and application; including all priority rights arising there from, all inventions disclosed in said application, and any and all Letters Patent of the United State, and of all other countries, together with the right to apply for such Letters Patent, which may be granted for said invention, inventions or any of them.

TO HAVE HOLD AND ENJOY the said invention, the said application, and the said Letters Patent, to said

SWS Shock Wave Systems AG

its successors and assigns, to its and their own use and behoove to the full end of the term or terms for which the said Letters Patent may be granted, as fully and entirely as the same would have been held and enjoyed by me had this assignment and sale not been made.

AND I hereby authorize and request the Commissioner of Patents of the United States and the appropriate officers of all foreign patent offices to issue any and all Letters Patent which may be granted on said application or applications above referred to, or for said invention, or any of them, to the said Assignee in accordance with the terms of this instrument.

AND I hereby agree to execute and sign without further consideration any other legal document and any other assignments and any divisional, continuing, renewal, reissue or other

application in and for all patents that may be appropriate and may be deemed be necessary by the Assignee fully to secure to said Assignee its interest as aforesaid in and to the said invention or any part thereof and in and to the said patents or any of them.

AND I further covenant and agree that I will at any time upon request communicate to said Assignee, its successor, assigns or other legal representatives, any facts known to me relating to the said invention and any patent that may be granted thereon, and will testify as to the same in any interference or litigation when requested to do so.

AND I do hereby declare that I have not hitherto assigned or granted any license to make, use or sell invention, and that I will not henceforth purport to assign, license or execute any instrument to that effect in conflict with this assignment.

IN WITNESS WHEREOF, I have hereunto set my hands on the date below.
