ASSIGNMENT

WHEREAS, I, IGOR DRANOVSKY, residing at *4 Wilton Circle* have made certain new and useful inventions in CONVERTIBLE PENDANT JEWELRY and have disclosed the same in an application for Letters Patent in the United States therefor, said application has been executed by me the 30th day of July, 2002 (a copy of said specification is attached to this Assignment), and *Ser. No. 10/456,188*

*New city
N. Y. 1092*

WHEREAS, WILLIAM MOLINO & MIKHAIL BURYAKOV herein called the "Assignee", are desirous of acquiring the entire interest in all inventions disclosed in said application:

NOW, THEREFORE, in consideration of the sum of one dollar (\$1.00) and other good and valuable considerations paid by Assignee, the receipt and sufficiency whereof is hereby acknowledged, I do hereby sell, assign, and transfer unto said Assignee, its successors and assigns, the entire right, title and interest throughout the world in and to all said inventions disclosed in said application; including all priority rights for other countries arising from said application; and in and to all substitutions, divisions, and continuations thereof; and in and to all Letters Patent, United States and foreign, that may be granted for said inventions; and in and to all extensions, renewals and reissues thereof.

And I do hereby authorize and request the Commissioner of Patents and Trademarks of the United States and the duly constituted authorities of foreign countries to issue any Letters Patent which may be granted on said inventions, on any applications related thereto, and on any substitute, continuing, divisional or reissue applications, or any of them, to said Assignee, its successors and assigns, as assignee of the entire right, title and interest therein and thereto.

And, for the consideration aforesaid, I do hereby, for myself and for my legal representatives, covenant and agree with said Assignee, its successors and assigns that it have full and unencumbered title to the inventions and application above described and hereby assigned, which title I warrant unto said Assignees, its successors and assigns; that I will have granted to others no license to make, use, or sell said inventions; and that I will not execute any instrument in conflict herewith.

And for the consideration aforesaid, I do hereby, for myself and for my legal representatives, further covenant and agree with said Assignee, its successors and assigns, that upon request, I will executed substitute, continuing, divisional, or reissue applications, amended specifications, or rightful oaths and declarations; communicate to said Assignee, its successors and assigns, any facts known to relating to said inventions or the history thereof; execute preliminary statements; testify in any interference or other legal proceedings involving said inventions; execute and deliver any application papers, assignments, or other instruments, and do all other acts which, in the opinion of counsel for said Assignee, may be necessary or convenient to secure the grant of Letters Patent to said Assignee, its successors and assigns, or its nominees, in the United States, and in all other countries where said Assignees may desire to have the said inventions, or any of them, patented, with specifications and claims in such form as shall be approved by counsel for said Assignees, and to vest and confirm in said Assignee, its successors and assigns, or its nominees, the full and completed legal and equitable title to all such inventions, applications, and Letters Patent, and to enable them to record said title,

without further consideration than now paid but at the expense of said Assignee, its successors and assigns.

I state that all statements made herein of my own knowledge are true and all statements made on information and belief are believed to be true; and further, that willful, false statements and the like so made are punishable by fine or imprisonment or both under section 1001 of Title 18 of the United States Code and that such willful, false statement may jeopardize the validity of the document, application, or any patent resulting therefrom.
