ASSIGNMENT OF PATENT RIGHTS

For good and valuable consideration, the receipt of which is hereby acknowledged, Henry B. Kopf, a citizen of the United States, residing at 304 Lynden Valley Court, Cary, North Carolina 27519, (hereinafter "Assignor"), does hereby sell, assign, transfer, convey and set over unto NCSRT, Inc., a North Carolina corporation having principal offices at 1000 Goodworth Drive, Apex, North Carolina 27539 (hereinafter "Assignee") and its successors, assigns and designees, all of Assignor's right, title and interest in United States Design Patent No. D316,740 issued May 7, 1991 (hereinafter "the Patent"), any patents issuing on the Patent, the inventions disclosed in any of the foregoing, and any and all counterpart United States, international and foreign patents, applications and certificates of invention based upon or covering any portion of the foregoing, and all reissues, divisionals, renewals, extensions, provisionals, continuations and continuations-in-part of any of the foregoing (collectively "Patent Rights").

Assignor represents, warrants and covenants that: (i) he is the sole owner, assignee and holder of record title to the Patent Rights identified above, (ii) he has obtained and properly recorded any previously executed assignments for all patent applications and patents identified above as necessary to fully perfect its rights and title therein in accordance with governing law and regulations in each respective jurisdiction, and (iii) he has full power and authority to make the present assignment. Assignor shall indemnify and hold harmless Assignee for any breach of the foregoing.

Assignor further agrees to and hereby does sell, assign, transfer and convey unto Assignee all rights: (i) in and to all causes of action and enforcement rights for the Patent Rights, including all rights to pursue damages, injunctive relief and other remedies for past, present and future infringement of the Patent Rights, unpaid royalties, and the like; and (ii) to apply in any or all countries of the world for patents, certificates of invention or other governmental grants for the Patent Rights, including without limitation under the Paris Convention for the Protection of Industrial Property, the International Patent Cooperation Treaty, or any other convention, treaty, agreement or understanding. Assignor also hereby authorizes the respective patent office or governmental agency in each jurisdiction to issue any and all patents or certificates of invention which may be granted upon any of the Patent Rights in the name of Assignee, as the assignee to the entire interest therein.

Assignor will, at the reasonable request of Assignee and without demanding any further consideration therefor, do all things necessary, proper, or advisable, including without limitation the execution, acknowledgment and recordation of specific assignments, oaths, declarations and other documents on a county-by-county basis, to assist Assignee in obtaining, perfecting, sustaining, and/or enforcing the Patent Rights. Such assistance shall include providing and obtaining from the respective inventors prompt production of pertinent facts and documents, giving of testimony, execution of petitions, oaths, powers of attorney, specifications, declarations or other papers and other assistance reasonably necessary for filing patent applications; complying with any duty

of disclosure; and conducting prosecution, reexamination, reissue, interference and other priority proceedings, opposition proceedings, cancellation proceedings, public use proceedings, license breach and royalty collection proceedings, infringement and other court actions and the like, with respect to the Patent Rights.

The terms and conditions of this Assignment shall inure to the benefit of Assignee, its successors, assigns and other legal representatives, and shall be binding upon Assignor, its successors, assigns and other legal representatives.

ASSIGNMENT OF PATENT RIGHTS

For good and valuable consideration, the receipt of which is hereby acknowledged, Henry B. Kopf, a citizen of the United States, residing at 304 Lynden Valley Court, Cary, North Carolina 27519, (hereinafter "Assignor"), does hereby sell, assign, transfer, convey and set over unto NCSRT, Inc., a North Carolina corporation having principal offices at 1000 Goodworth Drive, Apex, North Carolina 27539 (hereinafter "Assignee") and its successors, assigns and designees, all of Assignor's right, title and interest in United States Patent No. 6,596,172 issued July 22, 2003 (hereinafter "the Patent"), any patents issuing on the Patent, the inventions disclosed in any of the foregoing, and any and all counterpart United States, international and foreign patents, applications and certificates of invention based upon or covering any portion of the foregoing, and all reissues, divisionals, renewals, extensions, provisionals, continuations and continuations-in-part of any of the foregoing (collectively "Patent Rights").

Assignor represents, warrants and covenants that: (i) he is the sole owner, assignee and holder of record title to the Patent Rights identified above, (ii) he has obtained and properly recorded any previously executed assignments for all patent applications and patents identified above as necessary to fully perfect its rights and title therein in accordance with governing law and regulations in each respective jurisdiction, and (iii) he has full power and authority to make the present assignment. Assignor shall indemnify and hold harmless Assignee for any breach of the foregoing.

Assignor further agrees to and hereby does sell, assign, transfer and convey unto Assignee all rights: (i) in and to all causes of action and enforcement rights for the Patent Rights, including all rights to pursue damages, injunctive relief and other remedies for past, present and future infringement of the Patent Rights, unpaid royalties, and the like; and (ii) to apply in any or all countries of the world for patents, certificates of invention or other governmental grants for the Patent Rights, including without limitation under the Paris Convention for the Protection of Industrial Property, the International Patent Cooperation Treaty, or any other convention, treaty, agreement or understanding. Assignor also hereby authorizes the respective patent office or governmental agency in each jurisdiction to issue any and all patents or certificates of invention which may be granted upon any of the Patent Rights in the name of Assignee, as the assignee to the entire interest therein.

Assignor will, at the reasonable request of Assignee and without demanding any further consideration therefor, do all things necessary, proper, or advisable, including without limitation the execution, acknowledgment and recordation of specific assignments, oaths, declarations and other documents on a county-by-country basis, to assist Assignee in obtaining, perfecting, sustaining, and/or enforcing the Patent Rights. Such assistance shall include providing and obtaining from the respective inventors prompt production of pertinent facts and documents, giving of testimony, execution of petitions, oaths, powers of attorney, specifications, declarations or other papers and other assistance reasonably necessary for filing patent applications; complying with any duty of disclosure; and conducting prosecution, reexamination, reissue, interference and

other priority proceedings, opposition proceedings, cancellation proceedings, public use proceedings, license breach and royalty collection proceedings, infringement and other court actions and the like, with respect to the Patent Rights.

The terms and conditions of this Assignment shall inure to the benefit of Assignee, its successors, assigns and other legal representatives, and shall be binding upon Assignor, its successors, assigns and other legal representatives.
