Terms defined in the Credit Agreement and not otherwise defined herein are used herein as defined in the Credit Agreement.

SECTION 1. Amendments. The IP Security Agreement is hereby amended as follows:

(a) The preliminary paragraph to the IP Security Agreement is hereby amended and restated in its entirety to read as follows:

“This Intellectual Property Security Agreement (as amended, amended and restated, supplemented or otherwise modified from time to time, the “**IP Security Agreement**”) dated April 30, 2004, is made by the Persons listed on the signature pages hereof (collectively, the “Grantors”) in favor of Bank of America, N.A. (b) Section 2 of the IP Security Agreement is hereby amended and restated in its entirety to read as follows:

“Section 2. Security for Obligations. The grant of a security interest in the Collateral by each Grantor under this IP Security Agreement secures, in the case of each Grantor, the payment of (a) all First Lien Obligations of such Grantor now or hereafter existing under the Loan Documents and (b) all Cash Management Obligations owing to any First Lien Lender, in each case, whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest, fees, premiums, penalties, indemnifications, contract causes of action, costs, expenses or otherwise (all such Obligations being the “**Secured Obligations**”). For purposes of this Agreement, the term “**Cash Management Bank**” means any Lender or Affiliate of a Lender in its capacity as a provider of cash management services to any Loan Party and the term “**Cash Management Obligations**” means the Obligations of any Loan Party for cash management services that are provided by a Cash Management Bank.”

(a) the patents and patent applications set forth in Schedule A hereto (the “**Patents**”);

(b) the trademark and service mark registrations and applications set forth in Schedule B hereto (provided that no security interest shall be granted in United States intent-to-use trademark applications to the extent that, and solely during the period in which, the grant of a security interest therein would impair the validity or enforceability

of such intent-to-use trademark applications under applicable federal law), together with the goodwill symbolized thereby (the "*Trademarks*");

(c) the copyright registrations and applications and exclusive copyright licenses set forth in Schedule C hereto (the "*Copyrights*");

(d) all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations of any of the foregoing, all rights in the foregoing provided by international treaties or conventions, all rights corresponding thereto throughout the world and all other rights of any kind whatsoever of such Additional Grantor accruing thereunder or pertaining thereto;

(e) all any and all claims for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse or breach with respect to any of the foregoing, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and

(f) any and all proceeds of, collateral for, income, royalties and other payments now or hereafter due and payable with respect to, and supporting obligations relating to, any and all of the foregoing or arising from any of the foregoing.

SECTION 3. Supplement to Security Agreement. Schedule V to the Security Agreement is, effective as of the date hereof, hereby supplemented to add to such Schedule the Additional Collateral.

SECTION 4. Security for Obligations. SECTION 5. Recordation. Each of the Additional Grantors authorizes and requests that the Register of Copyrights, the Commissioner for Patents and the Commissioner for Trademarks and any other applicable government officer to record this Amendment and Supplement.

SECTION 6. Grants, Rights and Remedies. This Amendment and Supplement has been entered into in conjunction with the provisions of the Security Agreement. Each of the Additional Grantors does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the First Lien Collateral Agent with respect to the Additional Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein.

SECTION 7. Effectiveness of Amendments. The amendments contained in Section 1 of this Amendment and Supplement shall become effective as of the date first above

written upon the receipt by the Administrative Agent of counterparts of this Amendment and Supplement executed by each of the Grantors.

SECTION 8. Effect on IP Security Agreement. On and after the effectiveness of this Amendment and Supplement, each reference in the IP Security Agreement to “this Agreement”, “hereunder”, “hereof” or words of like import referring to the IP Security Agreement, and each reference in each other Loan Document to “the IP Security Agreement”, “thereunder”, “thereof” or words of like import referring to the IP Security Agreement, shall mean and be a reference to the IP Security Agreement, as amended by this Amendment and Supplement. The IP Security Agreement, as specifically amended by this Amendment and Supplement, is and shall continue to be in full force and effect and is hereby in all respects ratified and confirmed. The execution, delivery and effectiveness of this Amendment and Supplement shall not, except as expressly provided herein, operate as a waiver of any right, power or remedy of any Lender, the Administrative Agent, or the First Lien Collateral Agent under any of the Loan Documents, nor constitute a waiver of any provision of any of the Loan Documents.

SECTION 9. Governing Law. This Amendment and Supplement shall be governed by, and construed in accordance with, the laws of the State of New York.
