ASSIGNMENT OF PATENTS AND INVENTIONS

WHEREAS, Peregrine Systems, Inc., a Delaware corporation ("Peregrine") and Inovis, Inc., a Georgia Corporation f/k/a/ Peregrine Connectivity, Inc., a Georgia corporation ("Inovis") entered into an Intellectual Property Agreement dated June 12, 2002 ("IP Agreement"), in which, pursuant to Section 2.4 of the IP Agreement, Peregrine granted Inovis an "option to acquire" all of Peregrine's Intellectual Property Rights in and to the 4.X product identified in Exhibit B of the IP Agreement;

WHEREAS, Peregrine and Inovis executed an Amendment No. 1 to the IP Agreement, dated June 21, 2002, in which, pursuant to Section 12 of Amendment No. 1, the "option to acquire" Peregrine's Intellectual Property Rights in and to the 4.X product identified in Exhibit B of the IP Agreement was amended such that all right, title, and ownership interest to Peregrine's Intellectual Property Rights in and to the 4.X product identified in Exhibit B of the IP Agreement automatically transferred from Peregrine to Inovis as of the Second Anniversary of the IP Agreement, namely, June 12, 2004;

WHEREAS, Peregrine's Intellectual Property Rights in and to the 4.X product identified in Exhibit B of the IP Agreement included and includes all patent, trademark, copyright, trade secret, invention, common law, and other intellectual property rights in and to the "Process" technology f/k/a "Alliance 4.X Product," including those inventions, patent applications, and issued patents listed in the attached Patent Schedule;

WHEREAS, Peregrine and Inovis desire to confirm the automatic transfer and assignment of all of the inventions, patent applications, and issued patents set forth in the attached Patent Schedule from Peregrine to Inovis, which was effective June 12, 2004.

NOW, THEREFORE, for and in consideration of Five Dollars (\$5.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Peregrine by these presents does hereby quitclaim, sell, assign, and transfer unto Inovis the full,

exclusive and entire right, title, and interest in and to the inventions, applications and patents listed in the attached Patent Schedule, and to any and all divisions, continuations, and reissues thereof, and in and to all inventions and improvements disclosed and described in said application, preparatory to obtaining Letters Patent of the United States therefor; and Peregrine hereby authorizes the Commissioner of Patents to issue any and all Letters Patent of the United States resulting from inventions, applications and patents listed in the attached Patent Schedule, and to any and all divisions, continuations, and reissues thereof, to Inovis, as the assignee, for its interest and for the sole use and benefit of Inovis and its assigns and legal representatives.

For the same consideration, Peregrine by these presents does hereby quitclaim, sell, assign, and transfer unto Inovis the full, exclusive and entire right, title, and interest in and to the inventions, foreign applications and foreign patents listed in the attached Patent Schedule, and to any and all divisions, continuations, and reissues thereof, and in and to all inventions and improvements disclosed and described in said inventions, applications and patents, in whole or in part, in countries other than the United States, in and to any Letters Patent and similar protective rights granted on said inventions, foreign applications, and foreign patents, and in and to the right to claim any applicable priority rights arising from or required for said inventions, foreign applications, and foreign patents under the terms of any applicable conventions, treaties, statutes, or regulations, said inventions, foreign applications, and foreign patents to be filed and issued in the name of Inovis, or its designee insofar as permitted by applicable law.

AND, for the same consideration, Peregrine agrees to sign all lawful papers, execute all divisional, continuing, reissue and other applications, make all assignments and rightful oaths, and generally do everything possible to aid Inovis, its successors, assigns, and nominees, to obtain and enforce proper protection for all said inventions, application, and patents and improvements in all countries throughout the world.

ASSIGNOR further agrees that all necessary records of Peregrine to establish priority of invention and ownership interest, if necessary, in any proceeding will be made available at no

additional charge to Inovis, in the event such records are needed in connection with any of the assigned inventions, applications, or patents, US or foreign.

IN WITNESS WHEREOF, the undersigned has caused this Assignment of Patents and Inventions to be executed by one of its duly authorized officers and its seal to be affixed, this 9th day of MARCH, 2005.
