ASSIGNMENT

I hereby declare that I am an original, first and joint inventor of the invention described in a design patent application entitled RAILING, filed herewith in the United States Patent and Trademark Office.

For good and valuable consideration, the receipt of which is acknowledged, I hereby sell, assign and transfer to MID ATLANTIC VINYL PRODUCTS, Inc., an entity duly organized and existing under the laws of the United States of America, its successors, assigns or nominees, my entire right, title and interest for all countries in said invention, and all rights and privileges under any and all Letters Patent that may be granted therefor, and any divisions, continuations, reissues and/or extensions thereof.

I agree that, when requested, I will without charge to said entity, sign all papers, take all rightful oaths, make all rightful declarations and do all acts which may be necessary, desirable or convenient for securing and maintaining patents or other forms of protection for said invention in any and all countries and for vesting title thereto in said entity, its successors, assigns or nominees.

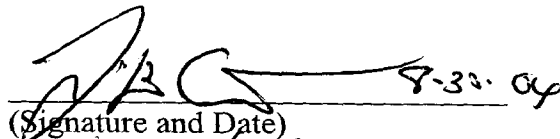

I agree that I will communicate to said entity or its representatives any facts known to me respecting said invention, and when requested by said entity and at its expense, will testify in any legal proceedings, and generally do everything possible to aid said entity, its successors, assigns or nominees, to obtain or enforce proper protection for said invention in any and all countries.

I authorize and empower said entity, its successors, assigns or nominees, to make application for patent or other form of protection for said invention in its or their own name, or in my name, in any and all countries and to invoke and claim for any application for patent or other form of protection for said invention filed by it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from me.

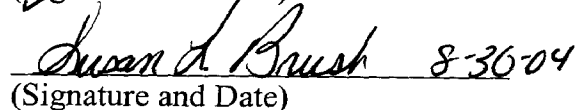

I hereby consent that a copy of this assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document which may be required in any country for any purpose and more particularly in proof of the right of said entity, its successors, assigns or nominees to apply for patent or other proper protection for said invention, and to claim the aforesaid benefits of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may be substituted for it.

I covenant with MID ATLANTIC VINYL PRODUCTS, Inc., its successors, assigns and nominees, that to the best of my knowledge the right, title and interest herein conveyed by me are free and clear of any encumbrance, and that I have full right to convey the same as herein expressed.
