**ASSIGNMENT**

WHEREAS, Robert Modisette, residing at 3101 Peninsula #115, Oxnard, California 93035 ("Assignor"), is the inventor of a new and useful **POWDER COATING COMPOSITIONS CONTAINING POSS COMPOUNDS**, identified as U.S. Application No. 10/886,227, filed on July 6, 2004 for United States Letters Patent, Attorney's Docket No. UT-104624 ("Invention"); and

WHEREAS, Assignor believes himself to be the original and sole inventor of the Invention disclosed and claimed in Application No. 10/886,227 for Letters Patent; and

WHEREAS, Conano Corp, a California corporation, having a place of business at 1020 Cindy Lane, Carpinteria, California 93013 ("Assignee"), desires to acquire by formal, recordable assignment the entire right, title and interest in and to the Invention, U.S. Patent Application No. 10/886,227, and any Letters Patent that might be granted for the Invention in the United States and throughout the world;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby sells, assigns and transfers to Assignee, his entire right, title and interest in and to the Invention, U.S. Patent Application No. 10/886,227, and any Letters Patent that might be granted for the Invention in the United States and throughout the world, including the right to file foreign applications directly in the name of Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties or otherwise.

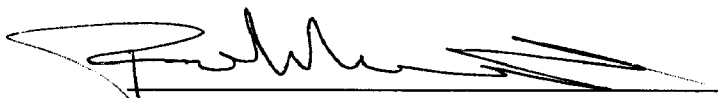

Further, Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, he and his legal representatives and assigns will perform all lawful acts, including the execution of papers and the giving of testimony, that might be necessary or desirable for obtaining, sustaining, reissuing or enforcing Letters Patent in the United States and throughout the world for the Invention, and for perfecting, recording or maintaining the title of Assignee, its successors and assigns, to the Invention, U.S. Patent Application No. 10/886,227, and any Letters Patent granted for the Invention in the United States and throughout the world.

Assignor represents and warrants that he has not granted and will not grant to others any rights inconsistent with the rights granted by this Assignment.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Letters Patent granted for the Invention, whether on the application or on any subsequently filed division, continuation, continuation-in-part or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest in the Invention.

IN WITNESS WHEREOF, Assignor has executed this Assignment.

Date: 09/02/04

  
Robert Modisette

State of California            )  
                                      ) ss.  
County of Ventura            )
