SINGH, Sharat**

does hereby sell, assign, and set over unto

ACLARA BIOSCIENCES, INC.

a Delaware corporation having its principal place of business in Mountain View, California (hereinafter "Assignee"), its successors, legal representatives and assigns, each of our entire right, title, and interest (1) in and to any and all of our inventions and discoveries entitled:

RECEPTOR TYROSINE KINASE SIGNALING PATHWAY ANALYSIS FOR DIAGNOSIS AND THERAPY

as described and/or claimed in the provisional patent application, identified as follows: *

Serial Number: 10/963,855
and filing date: 13 October 2004

(2) in and to the right to file patent applications in the name of Assignee, its designee, in each of our names, or in any other name or names, on the aforesaid inventions and discoveries in any or all countries of the world, together with all rights of priority in the aforesaid countries deriving from the above-identified patent application under the International Convention for the Protection of Industrial Property, or under any other international arrangement applicable to the above-identified patent application; (3) in and to any and all applications for Letters Patent, and any and all Letters Patent that issue on any of the aforesaid applications, and (4) in and to any and all divisions, continuations, and continuations-in-part of any and all of said applications, and any and all reissues, renewals and extensions of any of said Letters Patent, such that the same right, title and interest to be held and enjoyed by Assignee, its successors, assigns or other legal representatives, to the full ends of the terms for which all Letters Patent therefore may be granted, shall be as full and complete as that that would have been held and enjoyed by us if this assignment and sale had not been made.

* We hereby authorize Assignee to insert in this instrument the serial number and filing date of said application when officially notified thereof.

Serial No. 10/963,855

Attorney Docket: 136.04US

We further hereby covenant and agree, for the same consideration, whenever counsel of Assignee, or the counsel of its successors, legal representatives and assigns, shall advise that any proceeding in connection with said inventions, or said application for Letters Patent, or any proceeding in connection with said invention, or said application for Letters Patent, including interference proceedings, is lawful and desirable, or that any division, continuation, or continuation-in-part of any application for Letters Patent, or any reissue or extension of any Letters Patent, to be obtained thereon, is lawful and desirable, to sign all papers and documents, take all lawful oaths, and do all acts necessary or required to be done for the procurement, maintenance, enforcement and defense of Letters Patent for said invention, without charge to said Assignee, its successors, legal representatives and assigns, but at the cost and expense of said Assignee, its successors, legal representatives and assigns.

Special Power of Attorney

To the extent allowable by law, each of us hereby appoints Assignor, acting through any of its officers, as attorney-in-fact to act in each of our names and capacities, either separately or collectively, to do any and all of the following: To execute any document necessary or desirable for the purpose of securing, prosecuting, maintaining, enforcing, and/or defending the patents and patent applications referred to above, including any and all foreign counterparts, divisions, continuations, continuations-in-part, extensions, substitutes, reissues, or renewals thereof; and to represent each one of us, or all of us, and to transact all business related to securing, prosecuting, maintaining, enforcing, and/or defending the patents and patent applications referred to above, in or before any national or international patent office, agency, bureau, or tribunal.

This Power of Attorney shall be effective upon execution and shall remain in full force and effect until the expiration of the last-to-expire patent or the last-to-expire patent based on any application referred to above, including any foreign counterparts, divisions, continuations, continuations-in-part, extensions, substitutes, reissues, or renewals thereof.
