WITNESSETH

WHEREAS, Assignor is the owner of the entire and exclusive right, title and interest worldwide in, to and under the United States patents, patent applications and preparations for patent applications owned by or licensed to Assignor, any foreign or domestic counterparts of the foregoing, and any respective inventions disclosed, claimed or represented therein, and all other patent rights that may be based thereon, and any renewals, revivals, substitutes, divisions, reissues, reexaminations, continuations, continuations-in-part and extensions thereof, and all patents that may issue on any of the foregoing, together with all rights in and to any and all causes of action heretofore or hereafter accrued or accruing for infringement or threatened or alleged infringement of such patent rights, including, without limitation, the patents and patent applications listed on Schedule I attached hereto, all hereinafter collectively referred to as the "Patent Rights;"

WHEREAS Assignee is desirous of acquiring the entire and exclusive right, title and interest in, to and under the Patent Rights;
