ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged,

I,

Richard D. Fortino

hereinafter collectively or individually called "Assignor", hereby sell, assign, and transfer to

Powell Technologies LLC
a Michigan Limited Liability Corporation having an address at
740 East Monroe
St. Louis, Michigan 48880

its successors, assigns, and legal representatives, hereinafter "Assignees", the entire worldwide right, title and interest, including the right for the Assignees to apply for Letters Patent with full benefit of such priorities as are now or may hereafter be granted to Assignor by local laws or by treaty, including any international convention for the protection of industrial property, in and to any and all inventions which are disclosed in the application for United States Letters Patent, which has been executed by Assignor concurrently herewith, and is entitled:

**VALVE OPERATING ASSEMBLY AND SYSTEM FOR OPERATING
LEVER-OPERATED VALVES**

and in and to said application and all divisional, continuing, substitute, renewal, reissue and all other applications for Letters Patent which have been or shall be filed anywhere on any of said inventions; and in and to all original and reissued patents which have been or shall be issued anywhere on said inventions;

Agree that Assignees may apply for and receive Letters Patent for said inventions in their own names; and that, when requested, without charge to but at the expense of Assignees to carry out in good faith the intent and purpose of this Assignment, Assignor will execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all said inventions; execute all rightful oaths, assignments, powers of attorney and other papers; communicate to Assignees all facts known to Assignor relating to said inventions and the history thereof; and
