ASSIGNMENT

WHEREAS, I, John E. Trager, of Bella Vista, Arkansas, hereinafter referred to as "assignor", have made a certain new and useful invention as set forth in a nonprovisional application for United States Letters Patent entitled Turboscreen Assembly for Diesel Engines, which application was filed on May 21, 2004 and identified by Attorney Docket No. 400-011A;

AND WHEREAS, The Board of Trustees of the University of Arkansas, a public institution of higher education existing under the laws and Constitution of the State of Arkansas, hereinafter referred to as "assignee", and having offices at 2404 North University Ave., Little Rock, Arkansas 72207-3608, is desirous of acquiring the entire right, title and interest in and to said invention, and in and to any and all Letters Patent of the United States and foreign countries that may be obtained therefor;

NOW, THEREFORE, for good and valuable consideration, the receipt for and sufficiency of which is hereby acknowledged, I/We do hereby sell, assign, transfer and set over unto said assignee, its legal representatives, successors, and assigns, the full and exclusive right to said invention, and the entire right, title and interest in and to said provisional application, including any nonprovisionals, continuations, continuations-in-part, divisions, reissues, reexaminations, or extensions thereof, and in and to any and all patents of the United States and foreign countries that may be issued for said invention;

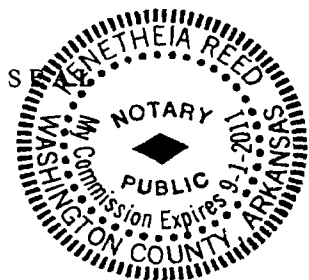

UPON SAID CONSIDERATIONS, I/We hereby agree with the said assignee that I/We will not execute any writing or do any act whatsoever conflicting with these presents, and that I/We will, at any time upon request, without further or additional consideration but at the expense of said assignee, execute such additional assignments and other writings and do such additional acts as said assignee may deem necessary or desirable to perfect the assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, continuations, continuations-in-part, reexamined, reissued, or extended Letters Patent of the United States and of any and all foreign countries on said invention, and in enforcing any rights or choses in action accruing as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of the assigns and legal representatives of assignor and assignee;

AND I/WE request the Commissioner of Patents and Trademarks to issue any Letters Patent of the United States that may be issued for said invention to said assignee, its legal representatives, successors or assigns, as the sole owner of the entire right, title and interest in and to said patent and the invention covered thereby.
