ASSIGNMENT OF PATENT APPLICATION

WHEREAS, I, Kenneth E. Irwin, Jr., has invented certain improvements in a:

System and Method for Securing On-line Documents Using Authentication Codes

and have executed a United States utility patent application filed on January 19, 2005, which has been assigned Serial No. 11/039,748; and

WHEREAS, Scientific Games Royalty Corporation ("Scientific Games"), a Delaware corporation, having a place of business at 220 Continental Drive, Suite 407, Newark, DE 19713, desires to acquire the entire right, title and interest in the said application and invention, and to any United States and foreign patents to be obtained therefor;

Now therefore, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I the above named hereby sell, assign, and transfer to Scientific Games, its successors and assigns, the entire right, title and interest in the said application and invention therein disclosed for the United States and foreign countries, and including without limitation any continuation, divisional, continuation-in-part, reissue, reexamination, extensions or foreign equivalents thereof, and all rights of priority and corresponding rights that are or may be secured under the laws of the United States and any foreign country, now or hereinafter in effect, and I request the Commissioner of Patents to issue any Letters Patent granted upon the invention set forth in said application to Scientific Games, its successors and assigns; and I hereby agree that Scientific Games may apply for foreign Letters Patent on said invention and I will execute all papers necessary in connection with the United States and foreign applications when called upon to do so by Scientific Games.
