ASSIGNMENT

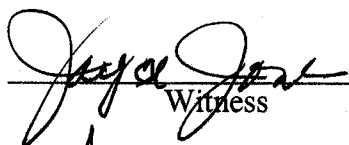

We, Walter ZENGER, residing at 36 Edgewood Drive, in the City of Lenox, the State of Massachusetts, and Robert John KEEFE, residing at 1593 Camden Oak Ct., residing in the City of San Jose, the State of California, have invented certain new and useful improvements in Nanostructured Dielectric Composite Materials, and Electric Power Research Institute, Inc., a non profit corporation organized and doing business under the laws of the State of District of Columbia, having a place of business at 3412 Hillview Avenue, Palo Alto, California 94303 desires to acquire the rights to this invention.

In consideration of one dollar, receipt and sufficiency of which is hereby acknowledged, and other good and valuable consideration, we, Walter ZENGER, and Robert John KEEFE, hereby sell, assign, and transfer to Electric Power Research Institute, Inc., its successors and assigns, the entire right, title, and interest in and to this invention relating to Nanostructured Dielectric Composite Materials and any improvements thereon; the so-entitled application for United States Letters Patent which was filed on January 27, 2005, bears United States Serial No. 11/044,489; any and all continuations, continuations-in-part, divisions and renewals thereof; all United States Letters Patent granted thereon; all reissues, reexaminations or extensions thereof; and any and all Letters Patents on said invention, and applications therefor, including all rights to claim priority, in any and all countries foreign to the United States of America.

We hereby authorize and request the Commissioner of Patents and Trademarks of the United States to issue all United States Letters Patent on said invention and application, or applications resulting therefrom, to Electric Power Research Institute, Inc., as assignee of the entire right, title, and interest.

We further agree that during and subsequent to our employment with, on request and without further consideration, but at the sole expense of Electric Power Research Institute, Inc., we will with respect to this invention and this application or any subsequent application on this invention communicate to counsel for Electric Power Research Institute, Inc., its successors and assigns all facts known to me; testify in all legal proceedings; sign all lawful papers; execute all applications; make all rightful oaths; generally do everything possible to aid Electric Power Research Institute, Inc., its successors and assigns to obtain and enforce lawful patent protection for said invention in the United States and countries foreign thereto; and vest the entire right, title and interest in and to said invention and any and all applications for letters patent therefor and letters patent thereon in Electric Power Research Institute, Inc., its successors and assigns.
