ASSIGNMENT

WHEREAS, I, one of the undersigned joint inventors, of residence as listed, having invented certain new and useful improvements as below entitled, for which I have applied for a patent, said application having been filed under the Patent Cooperation Treaty on 16 January 2004 under Application Number PCT/GB2004/00138 and having designated the United States; and

WHEREAS, EXPRO NORTH SEA LIMITED (hereinafter referred to as "Assignee"), a corporation of United Kingdom with an address of Lion House, Dyce Avenue, Dyce, Aberdeen AB21 0LQ, United Kingdom, desires to acquire our entire right, title and interest in and to the invention, and in and to the said application and any Letters Patent that may issue thereon;

NOW, THEREFORE, for and in consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we assign to Assignee, all right, title and interest in and to said invention and in and to said application and all patents which may be granted therefor, and all divisions, reissues, continuations, and continuations-in-part thereof; and we authorize and request the Director of the United States Patent and Trademark Office to issue all patents for said invention insofar as my interest is concerned, to Assignee.

We also assign to Assignee all right, title and interest in and to the invention disclosed in said application throughout the world, including the right to file applications for and obtain patents, utility models, industrial models and designs for said invention in Assignee's own name throughout the world, all rights to publish cautionary notices reserving ownership of said invention, and all rights to register said invention and applications filed thereon in appropriate registries; and we further agree to execute any and all powers of attorney, applications, assignments, declarations, affidavits and any other papers in connection therewith necessary to perfect such right, title and interest in Assignee.

We will communicate to Assignee any facts known to us respecting any improvements; and, at the expense of Assignee, we will testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, continuation-in-part and reissue applications, make lawful oaths and declarations, and generally do everything possible to vest title in Assignee and to aid Assignee to obtain and enforce proper protection for said invention.

This Assignment shall be binding on the parties' successors, assigns and legal representatives.
