To: Seicon, Limited, a Domestic Limited Liability Company of the State of Ohio

I, John Cunningham, a citizen of the United States residing in Saratoga Springs, New York, the inventor of EARTHQUAKE-RESISTANT ARCHITECTURAL SYSTEM, for which Letters Patent of the United States No. 5,590,506 so titled, issued on January 7, 1997;

For good and valuable consideration paid to me from Seicon, Limited, a Domestic Limited Liability Company of the State of Ohio having its corporate offices at 1936 Andover Road, Columbus, Ohio 43212, the receipt and sufficiency of which I acknowledge, by this Assignment;

I sell, assign, and transfer to Seicon, Limited my entire and undivided right, title, and interest in and to my invention for EARTHQUAKE-RESISTANT ARCHITECTURAL SYSTEM, my said United States letters patent, the invention described therein, and all rights appurtenant thereto and in all our applications/patents related thereto, including each of the following: the right to apply for any letters patent for said invention in the United States and all foreign countries, all other applications for letters patent on said invention, in whatsoever countries, including all divisional, renewal, substitute, and continuation applications based in whole or in part upon said invention or upon said application or related thereto; all letters patent that may issue thereon in the United States and foreign countries and all reissues, extensions, renewals, divisions, or continuations of letters patent granted for said inventions or upon said applications, to the full end of the term or terms for which said letters patent may be issued; and

every priority or other right accorded by every international convention, treaty, or agreement that is or may be predicated upon or arise from said invention, application and other applications or letters patent therefor, all to be held and enjoyed by Seicon, Limited, its successors and assigns, all the same as I would have held and enjoyed had this Assignment not been made;

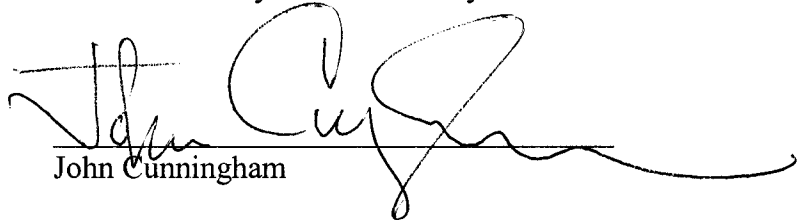

I authorize and grant the right to Seicon, Limited to file and prosecute patent applications in all countries for any part of said invention in my name or in the name of Seicon, Limited or otherwise, as Seicon, Limited may deem advisable under any international convention, treaty, or agreement or otherwise;

I authorize the Commissioner of Patents and Trademarks of the United States and the empowered officials of all other countries to grant, issue, and transfer any letters patent for the said invention arising out of said application to Seicon, Limited, as assignee of our entire right, title, and interest therein, in accordance with this instrument of assignment;
