ASSIGNMENT

WHEREAS , we, David J. Legare and F. Robert Falbo, while employed by the Government of the United States, made an invention jointly with Paul E. Sargent and Timothy A. Baker, entitled APPARATUS AND METHOD FOR A MULTI-CHANNEL, MULTI-USER WIRELESS INTERCOM and described in application for Letters Patent of the United States executed by us on 5/3/02 and filed on 6 May, 2002, as U.S. Patent Application No. 10/139,571, which invention forms a part of the aforesaid agreement;

WHEREAS, the conditions under which said invention was made are such as to entitle the Government under Paragraph 1 (a) of Executive Order 10096, to the entire right, title and interest in Government employees inventions, including foreign rights; and

WHEREAS, as to foreign rights, it is the policy of the Government to obtain an option to exercise such rights;

NOW, THEREFORE, to all whom it may concern, be it known that, for and in consideration of the premises and other valuable consideration, we, David J. Legare and F. Robert Falbo, joint inventors with Paul E. Sargent and Timothy A. Baker, have sold, assigned, and transferred and by these presents do sell, assign, and transfer unto the Government of the United States of America as represented by the Secretary of the Air Force, our undivided right, title, and interest throughout the United States of America, its territories and dependencies, in and to the aforesaid invention described in the aforesaid application for Letters Patent of the United States, entitled APPARATUS AND METHOD FOR A MULTI-CHANNEL, MULTI-USER WIRELESS INTERCOM, and all Letters Patent issuing there on and any continuations, divisions and reissues or extensions thereof, we hereby authorize and request the Commissioner of Patents to issue said Letters Patent to the Government of the United States of America, as represented by the Secretary of the Air Force, and his/her successors, as assignee of our undivided right, title, and interest in and to the same throughout the United States of America, its territories and dependencies, for the sole use for the full term or terms for which said Letters Patent and any continuations, divisions, and reissues or extensions thereof are, or may be, granted as fully and entirely as the same would have been held by us, David J. Legare and F. Robert Falbo, had this assignment not been made; and we do hereby also grant unto the Government of the United States as represented by the Secretary of the Air Force, the option to take our undivided right, title, and interest in said invention or all applications for Letters Patent thereon in all countries foreign to the United States in which the Government of the United States may file, or cause to be filed, applications for Letters Patent, without payment to us of any further consideration; provided, however, that this grant of an option to take foreign rights in the joint invention, or application for

Letters Patent thereon, shall have force and effect only as to such applications filed in foreign countries within six months of the filing date of any application for United States Letters Patent covering said joint invention, or within six months from the declassification of said invention, whichever is later, and that all foreign rights in said undivided interest not exercised under the option are left to us subject to a nonexclusive, irrevocable, royalty-free license to the Government of the United States in our undivided interest in any patent which may issue on said invention in any foreign country, including the power to issue sublicenses for use in behalf of the Government of the United States and/or in furtherance of the foreign policies of the Government of the United States any papers which may be necessary for the preparation of filing of such domestic applications, or for the Government to exercise its option granted hereunder, except that it shall be understood that we shall not be subject to any out-of-pocket expense relative to such action.

ASSIGNMENT

WHEREAS the Government of the United States of America entered into an agreement number F30602-00-D-0503 with Automated Resource Management Associates (hereinafter "ARMA"), of which agreement provides that, as to all discoveries, inventions, or improvements made or first reduced to practice in the performance thereof and not covered or to be covered by applications for Letters Patent filed by ARMA, the Government of the United States shall be entitled to an assignment of ARMA's right, title, and interest therein, reserving to ARMA, however, a nonexclusive, royalty-free license therein.

WHEREAS Paul E. Sargent and Timothy A. Baker during the course of their employment under this agreement made an invention jointly with David J. Legare and F. Robert Falbo, employees of the United States Government, entitled APPARATUS AND METHOD FOR A MULTI-CHANNEL, MULTI-USER WIRELESS INTERCOM, and described in application for Letters Patent of the United States executed by us on 5/3/02 and filed on 6 May, 2002, as U.S. Patent Application No. 10/139,571, which invention forms a part of the aforesaid agreement;

WHEREAS ARMA has signified its intention not to file an application for Letters Patent on the aforesaid invention;

NOW, THEREFORE, to all whom it may concern, be it known that for and in consideration of the premises and other valuable considerations, we, Paul E. Sargent and Timothy A. Baker, co-inventors, and ARMA, by its duly authorized officer or agent, have sold, assigned, and transferred, and by these presents do sell, assign, and transfer unto the said Government of the United States, as represented by the Secretary of the Air Force, our undivided right, title and interest throughout the United States of America, its territories and dependencies, and all foreign countries, in and to the aforesaid invention described in the aforesaid application for Letters Patent of the United States, entitled APPARATUS AND METHOD FOR A MULTI-CHANNEL, MULTI-USER WIRELESS INTERCOM, and all Letters Patent issuing there on and any continuations, divisions and reissues or extensions thereof, reserving to ARMA a nonexclusive, royalty-free license to make and use the subject matter of said invention described in the aforesaid specification and in any patent or patents which may issue thereon and any continuations, divisions, and reissues or extensions thereof without the payment of royalties thereon, which license shall be assignable to the successor of that part of ARMA's business to which it pertains; we do hereby authorize and request the Commissioner of Patents to issue the said Letters Patent to the Government of the United States of America, as represented by the Secretary of the Air Force and his/her successors, the assignee of the said undivided right,

title, and interest in and to the same for the sole use, except as aforesaid, for the full term or terms for which said Letters Patent and any continuations, divisions, and reissues or extensions thereof are or may be granted as fully and entirely except as aforesaid, as the same would have been held by Paul E. Sargent, Timothy A. Baker, David J. Legare and F. Robert Falbo had this assignment not been made; and we, Paul E. Sargent and Timothy A. Baker, do hereby agree to execute any and all applications for Letters Patent, both domestic and foreign, and to furnish all data and documents and to execute any papers which may be necessary for the preparation or filing of such applications, except it shall be understood that we, Paul E. Sargent, Timothy A. Baker and ARMA, shall not be subject to any out-of-pocket expenses relative to such action.
