ASSIGNMENT

WHEREAS, WE, Charles M. Mahaffey, a citizen of the United States, residing at 1067 Cedar Creek Road, Swansea, SC 29160; Ian G. Spearing, a citizen of Canada, residing at 209 Oak Bough Court, Lexington, SC 29072; Derek E. Gage, a citizen of the United States, residing at 113 Stockland Road, Irmo, SC 29063; Todd C. Sharpley, a citizen of the United States, residing at 461 N. Highland Avenue, NE, Apt. 16, Atlanta, GA 30307; and Cynthia M. Barnes, a citizen of the United States, residing at 216 Bluff Blvd., Columbia, SC 29210, have been identified along with Lewis S. Wayburn as joint inventors of an invention entitled "Thermal Apparatus for Engaging Electronic Device," said application having been filed on July 9, 2003 and receiving application Serial No. 10/616,106.

WHEREAS, Kryotech, Inc. (hereinafter together with its successors and assigns referred to as "the Assignee"), a South Carolina corporation, having a place of business at 2547 Morningside Drive, West Columbia, SC 29169, is desirous of obtaining all right, title and interest in, to and under said invention and further confirming that it is the owner of same; and

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which we hereby acknowledge, we have sold, assigned, transferred and set over, and by these presents hereby sell, assign, transfer and set over to the Assignee any and all right, title and interest in, to and under said invention to the extent of our full interest therein, individually and collectively, including the right to apply for any Letters Patent of the United States of America and in any and all foreign countries on said invention, and any and all other applications for Letters Patent on said invention, in whatsoever countries, including all divisional, renewal, substitute, continuation, continuation-in-part and convention applications based in whole or in part upon said invention or upon said application, and any and all Letters Patent which may issue thereon in the United States and foreign countries and any and all reissues, extensions, renewals, divisions, continuations or continuations-in-part of Letters Patent granted for said invention or upon said applications, to the full term or terms for which said Letters Patent may be issued, and every priority right that is or may be predicated upon or arise from said invention, said application and said Letters Patent, the same to be held and enjoyed by the Assignee for its own use and benefit fully and entirely as if the same would have been held and enjoyed by any of us had this Assignment not been made. We hereby authorize the Assignee to file patent applications in any and all countries on any or all of said invention in any of our names, or in its name, or otherwise as the Assignee may deem advisable, under the International Convention or the applicable laws of a particular jurisdiction.

We hereby authorize the responsible officer of the Patent and Trademark Office of the United States, and any official of any other country empowered to issue patents, to record this Assignment, and to issue or transfer all said Letters Patent on said invention to the Assignee as
