have invented certain new and useful improvements in:

FUEL CELL WITH ELECTROSMOTIC PUMP

for United States patent application No. **10/912527**

WHEREAS, **The Board of Trustees of the Leland Stanford Junior University**, a corporate entity of California, having a place of business at Stanford, CA 94305, and **Honda Giken Kogyo Kabushiki Kaisha**, a corporate entity of Japan, having a place of business at Tokyo, Japan (hereinafter referred to as the Assignees) desire to acquire the entire right, title and interest in and to said invention and said application for Letters Patent, and to any United States and foreign patents to be obtained therefor and thereon.

Now therefore, for valuable considerations, the receipts of which are hereby acknowledged, we, the above named inventors, do hereby sell, assign, and transfer to said Assignees, their successors and assigns, the entire right, title and interest in and to said invention, said application for Letters Patent, any patent which might be granted for said invention in the United States of America and any foreign country, any division, continuation, and continuation-in-part of said application, any reissue or extension of said Letters Patent, and all rights under the International Convention for the Protection of Industrial Property.

We hereby jointly and severally warrant and represent that, at the time of execution and delivery of these presents, we are the joint and lawful owners of the entire right, title and interest in and to said inventions and said application for Letters Patent, and that the same have not entered and will not enter into any assignment, contract or understanding in conflict herewith.

We hereby jointly and severally covenant and agree to assist and cooperate with said Assignees, whereby said Assignees may enjoy to the fullest extent said right, title and interest herein conveyed, provided, however, that the entire expense which may be incurred in lending such assistance and cooperation be paid by Assignees. Such cooperation shall include: (a) prompt execution of all papers (prepared at the expense of Assignees) which are deemed necessary or desirable by Assignees to perfect said right, title and interest herein conveyed, (b) prompt execution of all petitions, oaths, specifications, declarations and other papers (prepared at the expense of Assignees) which are deemed necessary or desirable by Assignees for filing or prosecuting in the United States or any foreign country said application, any application which is a division, continuation, or continuation-in-part of said application, any reissue application for any Letters Patent granted on said application, or for any interference proceeding involving said application or Letters Patent granted thereon; and (c) prompt assistance and cooperation in the prosecution of all legal proceedings involving said invention, said application, or Letters Patent granted thereon, including oppositions, cancellation proceedings, priority contests, public use proceedings and court actions.

Execution by Inventor(s):
