If there is more than one Assignor or Assignee, the words "Assignor" and "Assignee" shall include them.

This assignment relates to the works, designs and inventions shown, described and/or claimed in the following patents (collectively the "Patents"):

- (1) United States Design Patent D 426,380 entitled CONTACT LENS HOLDER;
- (2) United States Design Patent D 439,404 entitled CONTACT LENS HOLDER;
- (3) United States Patent 6,170,664 entitled CONTACT LENS HOLDER; and

Assignor has received ten dollars (\$10.00) and other good and valuable consideration for this assignment.

Assignor assigns to Assignee all of Assignor's rights, title and interest which Assignor has, may have and may acquire in the future in the foregoing Patents and the works, designs and inventions shown, described and/or claimed therein, including, without limitation, all patent, copyright and other intellectual property rights (collectively the "Property Rights"), both in the United States and in all foreign jurisdictions. The assignment also includes the right to defend and enforce the Patents and the Property Rights in any and all appropriate forums and the right to sue for, collect damages and obtain all appropriate forms of relief for past, present and future infringement of said Patents and Property Rights in any and all appropriate forums.

Assignor states that Assignor has the right to grant to Assignee the rights that are assigned by this assignment. Assignor will sign any additional documents and participate in any proceeding as may be needed to carry out the purpose of this assignment, including, without limitation, any litigation involving a request to correct the inventorship of the Patents.

This assignment is binding on all parties who lawfully succeed to the rights of or take the place of Assignor or Assignee.

The effective date of this assignment is the date at the top of this assignment.
