WORLDWIDE ASSIGNMENT
(joint inventors)

We are the joint inventors whose names and residences are listed below:

1. **Jamie M. Grooms**, a resident of the City of Gainesville, State of Florida, and Country of United States of America.
2. **Kevin C. Carter**, deceased.
3. **Thomas W. Sander**, a resident of the City of Gainesville, State of Florida, and Country of United States of America.
4. **David H. Dulebohn** a resident of the City of Naples, State of Florida, and Country of United States of America.

We have jointly made an invention comprising certain new, useful, and nonobvious improvements in a

Cortical Bone Cervical Smith-Robinson Fusion Implant

Said invention is described or intended to be described and set forth in Patent Cooperation Treaty patent application PCT/US98/17769, published as WO99/09914, presently identified as Docket No. 13971WO01, which entered the United States National Phase on August 20, 2001, as United States Application Number 09/701,933, presently identified as Docket No. 13971US02, and in United States Application Number 10/375,540, filed February 27, 2003, presently identified as Docket Number 13971US05, which is a continuation of United States Application Number 09/701,933. PCT/US98/17769, United States Application Number 09/701,933, and United States Application Number 10/375,540 are all referred to in this assignment as "said application").

Regeneration Technologies, Inc., a corporation organized and existing under and by virtue of the laws of the State of Delaware (hereinafter: "said assignee"), having a place of business at 11621 Research Circle, Alachua, FL 32615, as successor in interest to University of Florida Orthopaedic Tissue Bank Inc. respecting said application, desires to acquire the entire right, title, and interest in

and to said invention, said application, and any other United States, PCT, or foreign patent applications and Letters Patent which may be granted for said invention, said application, any other patent application claiming the priority of said application under Title 35 U.S.C. § 119, Title 35 U.S.C. § 120, the Paris Convention for the Protection of Industrial Property, and all other applicable treaties or laws in respect to said invention and said application, and any and all divisions, continuations, continuations-in-part, reissues, reexamination certificates, non-provisional patent applications, regional and national phase patent applications, and extensions thereof.

We warrant and represent that we conceived said invention ourselves, that no one other than us is a joint inventor of said invention, and that neither we nor any of us have assigned or agreed to assign any rights in said invention or said application to anyone other than said assignee or a predecessor in interest to said assignee.

NOW, THEREFORE, in consideration of one dollar and other good and valuable consideration, the receipt of which is hereby acknowledged, we hereby assign to said assignee, its successors and assigns, the entire worldwide right, title, and interest in and to said invention, said application, any other United States, PCT, foreign or international patent applications which may be filed or published respecting said invention, and any Letters Patent which may be granted for said invention, said application, any other patent application claiming the priority of said application under Title 35 U.S.C. § 119, Title 35 U.S.C. § 120, the Paris Convention for the Protection of Industrial Property, and all other applicable treaties or laws in respect to said invention and said application, and any and all divisions, continuations, continuations-in-part, reissues, reexamination certificates, non-provisional patent applications, and extensions thereof.

We hereby authorize and request the Director of the United States Patent and Trademark Office to issue any Letters Patent which may be granted for said invention or upon said application unto said assignee, its successors and assigns, in accordance with this assignment.

We hereby authorize said assignee to apply for Letters Patent on said invention in foreign countries and international patent offices and receiving offices, directly or according to the provisions of the Patent Cooperation Treaty, European Patent Convention, and all other applicable treaties or laws, claiming the filing date of said application under the provisions of the Paris Convention for the Protection of Industrial Property and all other applicable treaties and laws, and we further agree to execute any and all documents that may be required or desired by said assignee in order that said assignee may apply for any such Letters Patent on said invention in our or its name.
