ASSIGNMENT

For good and valuable consideration, receipt of which is hereby acknowledged, I, Jongjun Kim, hereby sell, assign, and transfer to Mosel Vitelic Corporation, a California corporation having a place of business at 3910 North First Street, San Jose, California 95134, its successors, and assigns, the entire right, title, and interest throughout the world in my invention in:

Charge Pump with Ensured Pumping Capability

for which I have executed a U.S. patent application on or about the date of this assignment, and all national, regional, and international patent applications and patents of every country or region for said invention, including divisions, reissues, continuations, and extensions thereof, and all rights of priority resulting from the filing of said applications; I authorize the above-named assignee to apply for patents of foreign countries and regions for said invention, and to claim all rights of priority without further authorization from me; I agree to execute all papers useful in connection with said United States and foreign (including regional and international) applications, and generally to do everything possible to aid said assignee, its successors, and assigns, at their request and expense, in obtaining and enforcing patents for said invention in all countries and regions; and I request that the U.S. Patent and Trademark Office and all foreign (including regional) patent offices issue all patents granted for said invention to the above-named assignee, its successors, and assigns.
