NUNC PRO TUNC ASSIGNMENT OF PATENTS

This assignment is made *nunc pro tunc*, effective April 1, 2002, between Union Planters Bank, National Association, a company whose address is 255 Grant Street SE, Decatur, Alabama 35601 ("Assignor"), and Edward S. Robbins III, an individual, whose address is 2802 E. Avalon Avenue, Muscle Shoals, Alabama 35630 ("Assignee").

WHEREAS, Assignor, by virtue of an assignment recorded in the U.S. Patent and Trademark Office at Patent Reel 012852 Frames 0225-35 acquired, and may still retain, an ownership interest in certain inventions and patents identified on Schedule A attached hereto (collectively the "Patents"); and

WHEREAS, Assignee is desirous of acquiring all right, title and interest in and to said Patents within the United States and its territorial possessions and all foreign countries and any United States or foreign patents that may be granted therefor.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and with the intention of being legally bound hereby, Assignor confirms that it has sold, assigned and transferred, and does hereby sell, assign and transfer to said Assignee its entire right, title and interest in and to the Patents within the United States of America and its territorial possessions and all foreign countries and in and to any patents of the United States and all foreign countries that may be granted therefor, including all divisions, continuations, continuations-in-part, substitutes, patents of addition, reissues, reexaminations, renewals and extensions thereof, and the right to apply for patents in foreign countries with full benefit of such priorities as may now or hereafter be granted to the Assignor by local laws or by treaty, including any international convention for the protection of industrial property, together with the right to extend the protection of said United States patents to the various territorial possessions now owned or which may be hereafter acquired by the United States of America, all said rights to be held and enjoyed by the Assignee for its use and benefit and for the use and benefit of its successors or assigns, to the full end of the term for which said patents are or may be granted, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment and sale had not been made.

Assignor further sells, assigns and transfers to Assignee, its successors and assigns, all of Assignor's rights to sue for and to recover and retain all damages and profits arising from past infringements or unauthorized use of any such Patents, or unpaid royalties with respect to use of any such Patents, occurring before the date of this Assignment.

additional documents at the request and expense of Assignee which Assignee may require in order to transfer all of Assignor's rights, title and interest in and to the Patents to Assignee, its successors or assigns.
