ASSIGNMENT OF INVENTION AND PATENT APPLICATIONS

I, Frank L. Bagrosky, the undersigned, in consideration of good and valuable consideration paid to me, agree to assign, and hereby do assign, transfer and set over to Performance Design, Inc., a corporation of the state of Idaho, whose address is 2350 East Braniff, Boise, ID 83716 (hereinafter designated as the Assignee), the entire right, title and interest in and to the invention known as "Automatic Paper Ejector and Stacker For Punch Machine" and the entire right, title and interest in and to the patent applications filed thereon, including a provisional application for patent in the United States of America filed on August 4, 2003 given Serial No. 60/492,531, and a non-provisional utility patent application in the United States Patent and Trademark Office filed on November 4, 2003 given Serial No. 10/702,124 and executed by the undersigned inventor on December 29, 2003 (I hereby give Pedersen and Company, PLLC permission to fill in this execution date when known).

1) The undersigned agrees to execute all papers necessary or convenient in connection with each application to protect the invention, and any continuation, continuation-in-part, or divisional applications thereof, and also to execute separate assignments in connection with such applications as the Assignee may deem necessary or expedient.

2) The undersigned agrees to execute all papers necessary or convenient in connection with any interference which may be declared concerning any application relating to the invention, or any continuation, continuation-in-part, or division thereof, and to cooperate with the Assignee in every way possible in obtaining evidence and going forward with any such interference.

3) The undersigned agrees to execute all papers and documents and perform any act which may be necessary or convenient in connection with claims or provisions of foreign patent offices, including those operating under the International Convention for Protection of Industrial Property or similar treaties or agreements.

4) The undersigned agrees to perform all affirmative acts which may be necessary or convenient to obtain grants of valid patents to the Assignee relating to the invention.

5) The undersigned hereby authorizes and requests the Commissioner of Patents and Trademarks, and all equivalent foreign patent office officials, to issue any and all Letters Patents resulting from said applications or any continuation, continuation-in-part, or divisional applications thereof, to the said Assignee, as Assignee of the entire interest, and hereby covenant that they have full right to convey the entire interest herein assigned, and that they have not executed, and will not execute, any agreement in conflict herewith.

6) The undersigned hereby grants the Assignee and its duly authorized representatives the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office, and any equivalent foreign patent office, for recordation of this document.
