ASSIGNMENT

In consideration of One Dollar (\$1.00), and other good and valuable considerations, the Receipt of which is hereby acknowledged, we the undersigned, KiloLambda IP Limited, located at Trident Chambers, Wickhams Cay P.O. Box 106, Road Town, Tortola, British Virgin Islands,

Hereby sell, assign and transfer to KiloLambda Technologies Ltd, located at 22 Raul Wallenberg St. Tel-Aviv, Israel, its successors, assigns and legal representatives, the entire right, title and interest for all countries, in and to any and all inventions which are disclosed and claimed, and as possessed by the undersigned, any and all inventions which are disclosed but not claimed in the patents and patent applications listed in Appendix A, and in and to said patents and patent applications and all divisional, continuing, substitute, renewal, reissue, and all other patents and patent applications for U.S. Letters Patents or other related property rights in any and all foreign countries which have been or shall be filed on any of the said inventions disclosed in said patents and patent applications including without limitation, right to any damages for past infringement; and in and to all original and reissued patents or related foreign documents which have been or shall be issued on said inventions;

Authorize and request the commissioner of Patents of the United States or any Patent Office or Officer to issue to said Assignee, the company above named, its successors, assigns and legal representatives, in accordance with this assignment, any and all United States Letters Patents or any other Patent certificate on said inventions or any of them disclosed in said patent applications;

Agree that said Assignee may apply for and receive foreign Letters Patent or rights of any other kind for said inventions, or any of them; and may claim, in patents and patent applications for said foreign Letters Patent or other rights, the priority of the aforesaid United States patents and patent applications under the provisions of the International Convention of 1883 and later modifications thereof, under the Patent Cooperation Treaty, under the European Patent Convention or under any other available international agreement; and that, when requested, without charge to, but at the expense of, said Assignee, its successors, assigns and legal representatives, to carry out in good faith the intent and purpose of this assignment, the undersigned or the undersigned's executors or administrators will, for the United States and all foreign countries, execute all divisional, continuing, substitute, renewal, reissue, and all other patents and patent applications or other documents on any and all said inventions; execute all rightful oaths, assignments, powers of attorney and other papers; communicate to said

Assignee, its successors, assigns and representatives, all facts known and documents available to the undersigned relating to said inventions and the history thereof, testify in all legal proceedings; and generally do everything possible which said Assignee, its successors, assigns or representatives shall consider desirable for aiding in securing, maintaining and enforcing proper patent protection for said inventions and for vesting title to said inventions and all applications for patents or related foreign rights and all patents on said inventions, in said Assignee, its successors, assigns and legal representatives; and

COVENANT with said Assignee, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.
