Inventions Assignment

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Dan L. Dietz (hereinafter Assignor) has sold and assigned, and by these presents hereby sells and assigns, unto Gripping Eyewear, Inc., a Texas corporation, (hereinafter Assignee), its successors, legal representatives and assigns, the entire right, title and interest in and to (a) those patents and patent applications for Letters Patent, and inventions disclosed therein, as set forth in Appendix A, and in and to any and all direct and indirect divisions, continuations and continuations-in-part of said application, and any and all Letters Patent in the United States and all foreign countries which may be granted therefor and thereon, and reissues, reexaminations and extensions of said Letters Patent, and all rights under the International Convention for the Protection of Industrial Property, and (b) the inventions identified in Appendix A for which patent applications for Letters Patent have yet to be filed and all resulting patents applications and patents of such as yet unfiled inventions including and any and all direct and indirect divisions, continuations and continuations-in-part of said application, and any and all Letters Patent in the United States and all foreign countries which may be granted therefor and thereon, and reissues, reexaminations and extensions of said Letters Patent, and all rights under the International Convention for the Protection of Industrial Property (hereinafter collectively referred to as Assigned Patents and Inventions). The Assigned Patents and Inventions shall be held and enjoyed by Assignee, for its own use and benefit and the use and benefit of its successors, legal representatives and assigns, to the full end of the term or terms for which Letters Patent may be granted and/or extended, as fully and entirely as the same would have been held and enjoyed by Assignor, had this sale and assignment not been made.

Assignor hereby authorizes and requests that patents in a country for which such protection is sought, be issued to said Assignee, its successors or assigns in accordance herewith.

Assignor warrants and covenants that he has the full and unencumbered right to sell and assign the interests herein sold and assigned of the Assigned Patents and Inventions and that he has not executed and will not execute any document or instrument in conflict herewith.

Assignor warrants and covenants that as the beneficiary and Trustee of the Dan L. Dietz Trust, Assignor will cause the Dan L. Dietz Trust to execute and deliver any papers, and perform all other lawful acts deemed necessary or desirable by said Assignee, its successors, legal representatives or assigns to perfect title to said Assigned Patents and Inventions in accordance herewith.

Assignor hereby requests the Commissioner of Patent and Trademarks, and respective foreign patent offices, to issue said Letters Patent to Assignee, as Assignee of said inventions and the Letters Patent to be issued thereon, for the sole use and benefit of Assignee, its successors, legal representatives and assigns.

Assignor covenants and agrees that at any time upon request of said Assignee, its successors, legal representatives or assigns he will communicate to said Assignee, its successors, legal representatives or assigns, all information known to him relating to said Assigned Patents and Inventions and that he will execute and deliver any papers, make all rightful oaths, testify in any legal proceedings and perform all other lawful acts deemed necessary or desirable by said Assignee, its successors, legal representatives or assigns to perfect title to said Assigned Patents and Inventions, to said application including divisions, continuations, reissues, extensions, additions and renewals thereof and to any and all patents which may be granted therefor or thereon, in said Assignee, its successors, or assigns or to assist said Assignee, its successors, legal representatives or assigns in obtaining, reissuing or enforcing patent or industrial property rights in said Assigned Inventions.

Assignor grants to Assignee the power to insert in this Assignment any further identification which may be necessary or desirable to comply with the rules of the U.S. Patent and Trademark Office, or with any foreign patent office, for recordation of this Assignment.
